123 Die In Earthquakes

Week-End Temblors Rock North Central Colombia

BOGOTÁ, Colombia (AP)—At least 123 persons perished in week-end earthquakes which rocked north-central Colombia, destroying towns and crippling communications. Reports from the stricken area said the death toll may reach 200.

Seattle Craft Holed, Beached At Genoa Bay

The 40-foot Seattle pleasure cruiser Dorothy Jean II today was scheduled to be towed from Genoa Bay, to Bird's Eye Cove, Maple Bay, for repairs to damage suffered when she struck a rock Saturday evening.

The rock punched a large hole near the stern. The accident was reported to have occurred when the craft went on the wrong side of a marker at the entrance to Genoa Bay, on the north side of Cowichan Bay, about 35 miles from Victoria.

The six persons aboard, including owner A. E. Horn of Seattle, were rescued by Art Mosher, Bremerton, in his boat, Spar. They were taken the short distance to shore. The Dorothy Jean, down by the stern and with mud and sand in her engine, was beached near Genoa Bay Lodge by the Spar.

Reports said Mr. Horn was not at the wheel when his boat hit at around 8 in the evening. Others aboard were Mr. and Mrs. R. McKinney, R. L. Farber, Robert McCarroll, all of Idaho, and an unidentified person.

Five Injured In Road Crash

NANAIMO (BUP)—Five persons were injured during the week-end when the car they were riding turned over and came to rest upside down on the Island Highway six miles south of here.

Police said the car rolled 17 feet before it came to a stop after going out of control on a soft shoulder. The vehicle was demolished.

Two ambulances shuttled between the scene of the accident and the Nanaimo General Hospital.

One-Legged Man In Daring Rescue

HOBOKEN, N.J. (AP)—Vincenzo Marino, 60-year-old longshoreman, fell Sunday night into the 2½-foot space between a freighter and a barge he was helping to unload. The barge was moving slightly.

One-legged Sam Sansevere, standing on the deck of the freighter, unfastened his artificial limb, dived in and held Marino's head above the Hudson River until help came.

Then he put his leg on again and resumed his job of checking the freighter's cargo. Marino was injured slightly.

Crash Kills Five

DENMARK, S.C. (AP)—Five negroes were killed near here Sunday when a train struck their automobile.

Lansdowne Scratches

First Race—Plucky Flint.
Second Race—Four II On, Allahad, Blue Plaza.
Third Race—Royal Snub, Kowth, Race Lady, Gigger, Cookie Baby, Vito Star, Lady Model.

Seventh Race—Fair Author.
Eighth Race—Kelowna Belle, Dance Wind, Elmbank, Maid of Broxa.

Sub Race (now sixth)—Roochet, Loretta Rice, Ted Eye Flying, Ever Pretty.

Troops Used To Deliver London Food

Work Almost Normal Despite Big Strike

LONDON (Reuter)—Labor

Minister George Isaacs today briefed the cabinet on a threatened unofficial strike by 30,000 London truck drivers. Work was said to be continuing "almost normally."

The drivers had been told to "stop work" today by unofficial leaders and "stay at work" by their union.

The road transport executive said that although 80 per cent of its London drivers were working normally, 1,415 men had not reported for duty.

Their strike is in sympathy with a 16-day stoppage by drivers at London's main meat distributing centre, Smithfield Market.

Arthur Deakin, General Secretary of the Transport and General Workers' Union, said first reports showed everything "practically normal."

Two thousand troops moved into the city during the week-end, ready to run essential transport should the unofficial leaders' appeal succeed. Another 2,000 troops are ready to join them.

Meanwhile, 3,000 soldiers and airmen, with a fleet of 700 trucks continued distributing London's meat and grocery rations from the Smithfield Market area, where 1,400 meat transport drivers stopped work June 24 in protest against delays over their claim for a wage increase of 19 shillings (\$2.95) a week.

EDINBURGH (Reuter)—More than 2,000 striking Scottish coal miners returned to work today.

But most of the 13,000 men involved in the week-end stoppage waited the outcome of today's emergency meeting of union delegates here called to consider lower-paid workers' wage claims.

The dispute, which began last Monday when the National Coal Board rejected the claim, has affected 46 collieries. About 100,000 tons of coal have been lost.

Finns Get Sugar

HELSINKI (Reuter)—Russia has sent Finland 1,500,000 tons of sugar, first delivery under their new \$300,000,000 five-year trade agreement.

Cowichan Station Mail Continues Despite Fire

It was business as usual today for postmaster and general store proprietor Clarence Cornett following a spectacular week-end fire which destroyed his Cowichan Station holdings valued at between \$15,000 and \$20,000.

Although his store, post office and living quarters in the heart of the village, about seven miles south of Duncan off the old Koksilah Road, were destroyed completely, Mr. Cornett opened for business in an old shack nearby.

At the same time he was making plans to rebuild on the blackened, fire-wrecked site of his former store.

Fire broke out at about 9 Saturday evening and two hours later all that was left of the large frame building was a mass of smouldering timbers, with

charred remains of the large stock of merchandise from the shelves strewn about.

Only things saved in the blaze were 12 sacks of mail and records from the post office section of the store.

The fire is believed to have started in the living-room quarter of the building but how it started is unknown. Provincial police at Duncan who took charge of the mail saved from the flames by residents of the village, said the owner was at the scene about one-half hour before the fire was reported by V.C. Mortimer.

Mr. Cornett and his family left for Shawinigan Lake and were notified of the fire on arrival there. They returned to find the flames had run their course.

The building was reported to have been insured fully.

Flying North To Keep Track Of Pole

Two magnetic scientists are off on a six-week aerial expedition in an R.C.A.F. flying boat to measure the variation of the North Magnetic Pole. Shown standing, left to right, around a magnetometer, used to measure magnetic forces, are Ken Whitham, physics graduate of the University of Toronto; Ralph D. Hutchison, head magnetician in the federal technical surveys department, and FO. A. F. Carswell, pilot of the Canoe plane and captain of the expedition. The plane took off from Ottawa. (CP Photo)

U.S. May Need 100,000 Men To Win Korean War

By LYLE C. WILSON

WASHINGTON (UP)—U.S. officials gravely viewed the Korean fighting today in terms of many months and perhaps 100,000 men.

A substantial Korean expeditionary force was alerted Sunday by request of Gen. MacArthur for early movement to the Far East.

Ground troops now in Korea

or under orders to be ready probably add up to 30,000 or 40,000 men.

U.S. forces alerted Sunday are estimated unofficially to number 15,000 to 20,000. They are:

The entire 2nd Infantry Division, Fort Lewis, Wash.; two anti-aircraft artillery units and supporting troops from the 6th Army area, and "several combat units" in the 2nd, 3rd and 4th Army Commands.

These alerts were revealed at Sunday's Army Department briefing. The 2nd Infantry is commanded by Maj. Gen. Laurence B. Keiser. The army said it would move "in the near future."

An estimate that 100,000 U.S. fighting men would be deployed in Korea "sooner or later" came from Chairman Walter F. George (D-Ga.) of the Senate Foreign Relations Committee.

Military sources revealed this peak effort—whatever the number of troops involved—probably will not be reached until the end of the Korean rainy season. That normally comes in mid-October.

George also believes the Korean fighting will zoom national defence spending by \$5,000,000,000 above current estimates in the next eight or nine months. That would boost the cash outlay to more than \$18,000,000,000 for this fiscal year. It would double fiscal 1952 deficit estimates which had been placed at more than \$5,000,000,000 before Korea exploded.

The foregoing summary of the Korean situation as of today does not represent any doubt on the part of American officials that the situation there can be handled. But it commits the United States to a major military effort costly in men, time and money.

George said he does not expect a victory until "late winter or early spring."

To Hold Air Show

MOSCOW (Reuter)—The Moscow air force newspaper, Patriot Rodina, announced the annual Soviet air show will take place next Sunday.

Aussie Trade Unions Blast Seamen Group

MELBOURNE (Reuter)—The Australian Council of Trade Unions today condemned the federal executive of the Seamen's Union for banning transport of war materials to Korea.

A.C.T.U. said in a statement the seamen's executive had "assumed the right to determine a line of action without consulting the trade union movement."

It added that the Australian workers would hold the Seamen's Union responsible for any action taken to embroil the Australian trade union movement in "this unfortunate international situation."

The statement added that the action of the seamen's executive would assist the Menzies government to aid passage through parliament of the Communist Party Dissolution Bill.

It said support of the United Nations as "the instrument seeking stabilized world peace and preventing the employment of force to suppress minorities which do not subscribe to the political ideologies of powerful nations."

Where Servicemen Will Be Listed

After the U.S. Defence Department had ordered use of the draft, two Washington, D.C., youths took a look at National Headquarters of the Selective Service. Both boys—Donald Gover (left), 21, and Joseph Duffy, 19—are non-veterans, and thus eligible for the draft.

General News Better As War In Third Week

TOKYO (CP)—Communist troops rolling south from Chonan today cut off a second battalion of United States troops as Gen. MacArthur ordered night and day air-weather bombing of North Korean supply lines in a bid to halt the advance.

Reports from the front reaching military headquarters here said the surrounded American detachment is equipped with tanks, said Reuter's news agency.

Earlier a "lost" United States battalion had punched its way to safety through numerically superior invading forces that had cut it off in their swift southward thrust.

Generally, the news was more heartening for the forces defending Southern Korea as the fighting went into its third week. Lt. Gen. George E. Stratemeyer, commander of the United States Far East Air Force, said the "great effort of our ground forces, the navy and Far East air forces has stopped" the Communist drive that for two weeks have ground relentlessly deeper into the southern half of the peninsula.

ROUND-CLOCK BLAST

The Pacific-based destroyers Cayuga, Athabaskan and Sioux, originally also scheduled to make the cruise, now are en route to Pearl Harbor. They probably will proceed later to Korean waters as Canada's contribution to United Nations anti-Communist intervention forces there.

The Magnificent, Miame and Huron are due to leave Halifax in late August for Londonderry, northern Ireland. Arrangements have been made for the Canadian ships and carrier-borne aircraft to carry out two weeks of intensive anti-submarine training at the joint anti-submarine training school operated at Londonderry by the Royal Navy and Royal Air Force.

Later the Canadian naval units will visit Norway, Sweden, Denmark, The Netherlands, Belgium, France and Portugal as well as ports in the United Kingdom.

Gibraltar is listed as the last European stop on the way home.

Carrier, Two Destroyers To Go To Europe

OTTAWA (CP)—Naval headquarters said today the Canadian aircraft carrier Magnificent and the destroyers Huron and Miame will make a late-August cruise to European waters. Plans "are subject to alteration or cancellation should circumstances demand."

The Pacific-based destroyers Cayuga, Athabaskan and Sioux, originally also scheduled to make the cruise, now are en route to Pearl Harbor. They probably will proceed later to Korean waters as Canada's contribution to United Nations anti-Communist intervention forces there.

The Magnificent, Miame and Huron are due to leave Halifax in late August for Londonderry, northern Ireland. Arrangements have been made for the Canadian ships and carrier-borne aircraft to carry out two weeks of intensive anti-submarine training at the joint anti-submarine training school operated at Londonderry by the Royal Navy and Royal Air Force.

Later the Canadian naval units will visit Norway, Sweden, Denmark, The Netherlands, Belgium, France and Portugal as well as ports in the United Kingdom.

Gibraltar is listed as the last European stop on the way home.

8 Hurt When Boat Blows Up

VANCOUVER (CP)—Eight persons were injured Sunday when a 30-foot pleasure cruiser blew up in Vancouver's Coal Harbor. The cruiser Ranger exploded after taking on gasoline from a barge. Four men and four women were taken to hospital. They suffered burns, shock and cuts.

A small work boat towed the cruiser about 150 yards away from the gasoline barge. A fire boat put out the flames and beached the pleasure craft.

Injured Girl Still Critical

Her condition still critical today, nine-year-old Shirley Gordon, 2962 Scott Street, hurt in a highway accident Friday, is waging a life and death struggle in Royal Jubilee Hospital.

The girl was in collision with a truck driven by Westley A. Jones, McTavish Road, Saanich, on Shelbourne Street near Myrtle Street. She suffered severe head injuries.

ALLIED LOSSES

He reported Allied losses for the 15 days were 20 combat planes and five transports.

Three groups of B-29 Superfortresses are being used in the fighting, Stratemeyer said. But he added that the huge B-36 bomber will not be used, a Reuter Tokyo dispatch said.

Gen. MacArthur's communique issued at 2:30 p.m. Monday (12:30 a.m. E.D.T., Monday), noted the lull in the fighting.

He said the North Koreans, who raced down the peninsula against feeble opposition for two weeks, were having communication troubles since Sunday's relentless air blows.

The "lost" battalion was cut off in an all-night battle July 8-9 near Chonan, about 50 miles south of the Red-held Republican capital of Seoul.

To get back it slugged its way through an enemy force that outnumbered it 10 to 1 in men and armament.

MacArthur praised it for its "bold and most successful holding, delaying and rear-guard action." The unit was not identified. It now is in good shape, the U.N. commander said.

Yachtsman May Be Charged

NANAIMO (BUP)—Harbor authorities here today considered the possibility of filing a "reckless driving" charge against the skipper of a U.S. yacht.

The seafarer created havoc in Nanaimo harbor when he attempted to beach his 56-foot craft at the small boat dock below front Street.

He collided with two yachts moored at the dock, and after cutting their lines in an attempt to go astern, bumped into the motor ferry Atrevida tied to the Canadian Pacific dock.

The unidentified U.S. sailor could be charged under a negligence section of the Criminal Code usually applied to reckless drivers.

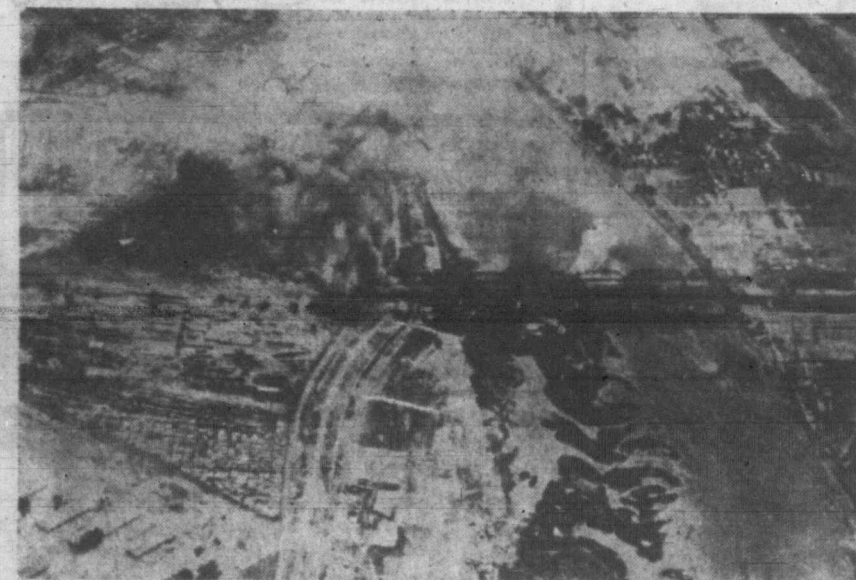

Wounded Prisoner Helped And U.S. Officer Directs Bombing

Captured North Korean Communist soldier doubles with pain from an abdominal wound as he is helped from an ambulance at an evacuation hospital in South Korea. Although South Korean soldiers are retreating, they have taken many prisoners.

44 Canadians Meet Violent Deaths Over Week-End, 14 In Traffic Crashes

By BRITISH UNITED PRESS

Forty-four Canadians died violently over the week-end, a British United Press survey showed today.

Drownings claimed 22, 10 of them in Quebec. Fourteen died on the nation's crowded highways, three perished in fires and five met death due to miscellaneous causes.

Death took its heaviest toll as the week-end began. Six persons died in a collision between a bus and a car near Bradford, Ont. The victims, all passengers in the automobile, were: Lyle Reddick, 25, the driver; Charles McClay, 36, his wife Stella, 30, and their son James, 12; Robert Davis, 18, all of Toronto, and Davis' 21-year-old sister, Marjorie, of Norwood, Ont.

Moses Woods, 36-year-old Indian fisherman, was burned to death when fire swept his boat off Prince Rupert, B.C., Sunday. Nick Rusnak, 55, of Vancouver, was drowned in Cultus Lake, five miles east of Chilliwack, B.C., and Charles Weldrake, 21-year-old university student, was drowned near Kamloops, B.C.

William Josephson died in Vancouver General Hospital after a logging mishap at Powell River, B.C.

Adam Prince of Barry's Bay, Ont., died of injuries received when his car plunged into a bridge abutment. Yvon Tossaint, 21, fell from a boat and was drowned in Lake Ste. Marie near Maniwaki, Que., and in Mitchell Lake nearby, Romeo Coallier, 36, met a similar fate.

Harold Wise of Findlay, O., went fishing in Lake Nipissaw, Ont. His boat was found later and he was presumed to have been drowned. Alex Bokoy of Alvin, Sask., was drowned in Lake Ramsey near Sudbury, Ont., and at the lake's west end, Alme Laberge, 32, also met death. Sixteen-year-old Garrett Emmons of Dunnville, Ont., was drowned in Scogog Lake, west of Peterborough, Ont.

James Froust, 34, perished in the Cornwall, Ont., Canal and Marjorie Warrington, 18, died when the canoe in which she was riding shot over an embankment at Sault Ste. Marie, Ont.

Hugh M. Piper, 82, died at Fort William, Ont., from injuries suffered when he was struck by a car. Mrs. Mary Seguin, 29-year-old English war bride, and her three-year-old son, David, were drowned in Renfrew Lake near Kapuskasing, Ont., when their rowboat capsized.

John Halstead, died today. Halstead suffered a bullet wound in the stomach after being shot during the melee by the governor's bodyguard. Sgt. George Kerr of the state police. Kerr himself was stabbed twice in the back and a prison guard suffered a broken arm.

ONE WOMAN'S DAY

By NANCY HODGES

COLONIAL BUILDING

ONE OF THE FIRST impressions I gained in Newfoundland was that here is a country with a background steeped in history. True, my visit had been timed with the celebration not only of its recent entry into Confederation but also of the 453rd anniversary of its discovery by John Cabot in 1497.

To me, coming to this newer part of Canada, it was intriguing to learn that the island was formally claimed for England by Sir Humphrey Gilbert in 1583. And as long ago as 1785 there were more than 10,000 residents on the island.

HOUSE OF ASSEMBLY

AMONG the official functions staged in connection with Newfoundland Day celebrations was a reception at the old Colonial Building, which houses the House of Assembly, as the Legislature is called.

It was built in the early 1830's of stone imported from County Cork, and I was amused to hear from Premier Smallwood that the cost of its erection exceeded the estimate by the sum of \$35—an excess which drew a sharp reprimand from the Duke of Wellington.

HISTORIC CEILINGS

THERE is a history, too, to its beautifully painted ceilings of old-world, ornate design. It seems that about 1860, the House of Assembly and the nearby Government House which were both erected about the same time, badly needed redecorating inside.

The government of the day, being of an unusually economic turn of mind, wanted the job done as cheaply as possible. So they asked the warden of the jail to find out if any of the prisoners had experience of art. And one Pindicowski, a Pole, on describing himself as an artist, was set to work.

PAINTER-FORGER

PINDICOWSKI evidently possessed a sense of humor, for he had been a banker by profession, then turned forger—at which he had indeed proved an artist—until the law caught up with him.

However, his artistry also expressed itself in such beautifully painted ceilings and walls of elaborate design that the delighted authorities next put him to work on the Government House job. While there, so the present Lieutenant-Governor told me, Pindicowski fell in love with a pretty housemaid on the staff, married her and lived happily ever after.

REAL INDEPENDENT

FOR ABOUT 100 years, the Colonial Building has housed the various forms of government which have been Newfoundland's lot, and it is accordingly a quaint old structure. The Assembly Chamber is somewhat small and has a public gallery at one end only, and seats for the 28 members.

Curiously enough, the government sits to the left of the Speaker, with the five members of the opposition and the lone Independent on the right. That same Independent is Peter Cashin, and being both Irish and Independent, he insists on sitting in splendid isolation, his seat being far removed from both government and opposition.

SPEAKER'S HAT

I ENJOYED meeting him and listening to his brogue and learning that, like so many Irishmen, he was "agin the government" on principle and revealed in it.

While at the reception I was invited to sit in the handsome new Speaker's chair which has just been presented by the province of Ontario, and felt a glow of pride, tinged with envy, at seeing the magnificent mace, British Columbia's gift to the new province. Incidentally, I am glad I am not Speaker of the Newfoundland House as it would entail wearing a top hat!

NOTABLE EVENTS

IN MY journeyings around St. John's, I have also been reminded of other notable events in its history. At Signal Hill—which is topped by the Cabot Tower—the French were defeated by Col. Amherst's forces in 1762. Here, too, Marconi sent off his first trans-Atlantic message in 1901, and Aleck and Brown passed over it in the first Atlantic flight in 1919.

At Placentia Bay, ancient forts mark the site of the only French settlement on the island. It was also at Placentia Bay that Winston Churchill and the late President Roosevelt met to sign the Atlantic Charter. These are but a few of the notable local happenings which will help to embroider the tapestry of Canadian history with Newfoundland's colorful heritage and tradition.

Hard Surface For Nanaimo Streets

NANAIMO—Several streets of Nanaimo and district are taking on "the new look."

Provincial public works department crews are preparing to hard-surface Terminal Avenue from Commercial Street to Co-mox Road as part of the arterial highway through Nanaimo.

At the same time city crews are completing construction of curbs on Commercial Street and paving of the roadway has been started.

Plan Garden Show

LAKE COWICHAN—Plans are well under way for the Honey-moon-Bay Garden Club for the bay's flower and vegetable show to be held next month. Entry forms are being prepared.

Judges will be: Mr. and Mrs. D. D. McTavish and Fred A. Saunders of Victoria, and Mrs. R. H. M. Shaw, Duncan.

Last year 51 growers made entries, and competition is expected to be keen again this year.

TRUCK BLAMED FOR ODOR SOME THOUGHT RUSSIANS

MOLINE, Ill. (AP)—A foul smell choked seven towns Saturday, sending some residents into hysterics and raising fears of a Russian gas bombing.

But the culprit apparently was only a passing truck. The noxious odor crept through Moline, East Moline, Silvis and Rock Island, Ill., and then spread across the state border into Muscatine, Bettendorf and Davenport, Ia.

No injuries were reported aside from upset stomachs. Some residents called police in hysterics. One man insisted to Silvis police that "the Russians are flying over and gassing us."

An official of the Iowa-Illinois Gas and Electric Company said the odor probably resulted from a leak in a tank of pentalam being hauled through the area on a truck headed west.

Pentalam is used to inject a smell into natural gas, normally odorless, to permit detection of leaks.

Four-Time Winner Takes Gyro Hole-In-One Game

The Gyro's Hole-in-One contest ended Saturday night without a hole-in-one winner. Harry W. Young, owner of Cedar Hill Golf Course, 1468 Finlayson Street, had the closest shot to the pin, to win the \$435 inboard motor boat. He placed a shot 2½ inches from the cup.

Out of the 6,000 shots over the course Saturday, Mr. Young's shot and another by Robert Stralith, were the nearest to the pin. Stralith was only 2½ inches away from the cup but did not compete in the final. He won the day's \$15 prize.

This is said to be the fourth time that Mr. Young has won the Gyro's annual contest. Officials of the club say that Young first won the prize 10 years ago and has won it three times since the contest has been going for 11 years.

In another event, worked in conjunction with the carnival,

Parkville To Hold Stone-Age Contest

PARKVILLE—The Community Association of this up and coming city is planning another stone-age contest and comic strip masquerade for August 10.

A similar show was held last year with great success. Clubs and organizations throughout the island and on the mainland are being invited to take part.

Willett Shelly will defend the Alley Oop championship won last year.

A dance will be held in conjunction with the event. Last year's dance attracted a record number of people—1,180.

George Butler is general chairman of the festivities and committees now are being chosen.

Cars, Home, Store Thieves' Targets

Five Cars Prowled In City, Store Robbed Of Fountain Pens

City police today were investigating one home entry, a robbery at a store and half a dozen cases of car prowlings reported to them during the week-end.

Mrs. Grace P. McKinnon, 2312 Wark Street, discovered a \$400 white gold diamond ring stolen from a jewel box locked in a strongbox in her bedroom. This proved to be a false alarm. The ring was found later today.

While A. Lynch, 2943 Bridge Street, was away from his home between July 5 and 8 someone entered the house and stole \$5 from a piggy bank. A painter's ladder was used to gain entry through a window.

Three young men stole 12 ball-point fountain pens from the Horseshoe Newsstand, Government Street, Sunday night. Officers released three young men after questioning. The pens were worth \$1.75 each.

A grey blanket, a flashlight, one set of wrenches and a pair of pliers were stolen from the car owned by James Wright, 923 Johnson Street, during the week-end. This happened while the auto was parked in a lot opposite the owner's address.

Metro Waselechuk, 722 Queens Avenue, reported an attempt had been made to break into his car. The right front door handle had been broken off.

Three wine-colored jackets were stolen from the car owned by A. W. Stanhope, R.R.I. Duncan. A rear window was smashed.

Glove compartment of a car owned by C. Evans, Broad Street Garage, was forced open and a car registration slip and a box full of .303 ammunition was stolen.

Mrs. H. Hicks, 3985 Douglas Street, reported articles worth

\$85 were stolen from her car. The articles taken were two lawn bowling balls, a blue wind-breaker, and a sweater. A truck jack worth \$30 was stolen from the truck owned by Harvey Alexander, 731 Princess Avenue. The glove compartment was ransacked.

Cost to cost, one of Canada's finest London Dry Gins at a popular price.

BACK IN JAIL IN 10 HOURS

Only 10 hours after he had got out of city jail where he had been placed on a drunk and disorderly charge, a man was picked up in similar condition on city streets. He regained his freedom the second time in the same way he did the first time, by posting \$10 bail.

Vancouver Teen-Ager Accused As Hoodlum

CHILLIWACK (BUP)—An 18-year-old Vancouver youth will be charged with disturbing the peace following an outbreak of hoodlums at Cultus Lake, provincial police here said today.

The arrest followed the conviction in Chilliwack court last week of a 19-year-old hoodlum as police sought to put a stop to the antics of Vancouver toughs invading the Fraser valley resort area.

Aussie Trade Unions Blast Seamen Group

MELBOURNE (Reuter) — The Australian Council of Trade Unions today condemned the federal executive of the Seamen's Union for banning transport of war materials to Korea.

A.C.T.U. said in a statement the seamen's executive had "assumed the right to determine a line of action without consulting the trade union movement."

It added that the Australian workers would hold the Seamen's Union responsible for any action taken to embroil the Australian trade union movement in "this unfortunate international situation."

The statement added that the action of the seamen's executive would assist the Menzies' government to aid passage through parliament of the Communist Party Dissolution Bill.

It said support of the United Nations as "the instrument seeking stabilized world peace and preventing the employment of force to suppress minorities which do not subscribe to the political ideologies of powerful nations."

Where Servicemen Will Be Listed

After the U.S. Defence Department had ordered use of the draft, two Washington, D.C., youths took a look at National Headquarters of the Selective Service. Both boys—Donald Goyer (left), 21, and Joseph Duffy, 19—are non-veterans, and thus eligible for the draft.

Cowichan Station Mail Continues Despite Fire

It was business as usual today for postmaster and general store proprietor Clarence Cornett following a spectacular week-end fire which destroyed his Cowichan Station holdings valued at between \$15,000 and \$20,000.

Although his store, post office and living quarters in the heart of the village, about seven miles south of Duncan off the old Koksilah Road, were destroyed completely, Mr. Cornett opened for business in an old shack nearby.

At the same time he was making plans to rebuild on the blackened, fire-wracked site of his former store.

Fire broke out at about 9 Saturday evening and two hours later all that was left of the large frame building was a mass of smouldering timbers with charred remains of the large stock of merchandise from the shelves strewn about.

Only things saved in the blaze were 12 sacks of mail and records from the post office section of the store.

The fire is believed to have started in the living-room quarter of the building but how it started is unknown.

Provincial police at Duncan

U.S. May Call Up Army Of 100,000

Months Of Fighting In Korea And Great Expenditure Foreseen

By LYLE C. WILSON

WASHINGTON (UP)—U.S. officials gravely viewed the Korean fighting today in terms of many months and perhaps 100,000 men.

A substantial Korean expeditionary force was alerted Sunday by request of Gen. MacArthur for early movement to the Far East.

Ground troops now in Korea or under orders to be ready probably add up to 30,000 or 40,000 men.

U.S. forces alerted Sunday are

Seattle Craft Beached At Genoa Bay

Her stern submerged, the Dorothy Jean II awaits for incoming tide to refloat her. Dinghy on top was not needed when craft started to sink, thanks to quick work in taking damaged boat in tow by another U.S. yachtsman, Art Mosher, Bremerton.

Damaged Yacht To Be Refloated, Towed To Maple Bay For Repairs

A large hole in her stern temporarily patched, the Seattle pleasure cruiser Dorothy Jean II was expected to be refloated at high tide this evening after being beached at Genoa Bay Saturday night.

The 40-foot craft struck a rock on the north side of Cowichan Bay, near the entrance to Cowichan Bay at 8 Saturday evening when she went on the wrong side of a marker. She went down rapidly by the stern, but was towed into Genoa Bay and beached near the Genoa Bay Lodge by Art Mosher's Bremerton boat Spar.

Owner A. E. Horn was not at the wheel when the Dorothy Jean II hit a rock causing her propeller to be pushed up through her hull.

TOWED FOR REPAIRS

If the refloating is successful she will be towed to Birds' Eye Cove, Maple Bay, for repairs. Workmen of Birds' Eye Cove

Flying North To Keep Track Of Pole

Two magnetic scientists are off on a six-week aerial expedition in an R.C.A.F. flying boat to measure the variation of the North Magnetic Pole. Shown standing, left to right, around a magnetometer, used to measure magnetic forces, are Ken Whitham, physics graduate of the University of Toronto; Ralph D. Hutchison, head magnetician in the federal technical surveys department, and F.O. A. F. Carswell, pilot of the Canso plane and captain of the expedition. The plane took off from Ottawa. (CP Photo)

Troops To Deliver London Food To Keep Supplies During Strike

LONDON (Reuter)—Labor Minister George Isaacs today briefed the cabinet on a threatened unofficial strike by 30,000 London truck drivers. Work was said to be continuing "almost normally."

The drivers had been told to "stop work" today by unofficial leaders and "stay at work" by their union.

The road transport executive said that although 80 per cent of its London drivers were working normally, 1,415 men had not reported for duty.

Their strike is in sympathy with a 16-day stoppage by drivers at London's main meat-distributing centre, Smithfield Market.

Arthur Deakin, General Secretary of the Transport and General Workers' Union, said first reports showed everything "practically normal."

Yachtsman May Be Charged

NANAIMO (BUP)—Harbor authorities here today considered the possibility of filing a "reckless driving" charge against the skipper of a U.S. yacht.

The seafarer created havoc in Nanaimo harbor when he attempted to beach his 56-foot craft at the small boat dock below front Street.

He collided with two yachts moored at the dock, and after cutting their lines in an attempt to go astern, bumped into the motor ferry Alrevida tied to the Canadian Pacific dock.

The unidentified U.S. sailor could be charged under a negligence section of the Criminal Code usually applied to reckless drivers.

Five Injured In Road Crash

NANAIMO (BUP)—Five persons were injured during the week-end when the car they were riding turned end over end and came to rest upside down on the Island Highway six miles south of here.

Police said the car rolled 177 feet before it came to a stop after going out of control on a soft shoulder. The vehicle was demolished.

Two ambulances shuttled between the scene of the accident and the Nanaimo General Hospital.

NOTICE TO

BRITISH and ALLIED VETERANS who may be eligible under amendments to the WAR VETERANS ALLOWANCE ACT

District offices of the Department of Veterans Affairs are now accepting applications from certain British and Allied veterans made eligible to apply for War Veterans Allowance by amendments to the War Veterans Allowance Act passed at the present session of Parliament.

Complete details as to those eligible may be secured from the nearest district office of the Department of Veterans Affairs. In general, however, to be eligible a veteran who did not serve with the Canadian forces must have 20 years' residence in Canada.

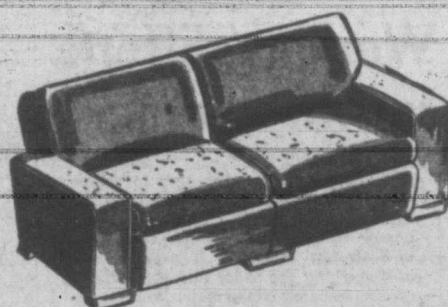

and meet the other qualifications of the Act as to service in the armed forces, income, assets and so forth.

IMPORTANT — These amendments have been made effective April 1st, but retroactive payment can only be made if the veteran qualifies under the Act and makes his application to the nearest district office of the Department of Veterans Affairs by July 31st. Payment in cases where applications are received after that date can only be made as from the date of receipt of such application in the District Office.

Published under the authority of the Hon. Milton F. Gregg, V.C. Minister of Veterans Affairs

A Contagious Epidemic?

BETTER FLYING WEATHER brought a week-end resurgence of American air strength in the Korean battle theatre, and bombing and strafing planes had what the pilots called a "field day" in attacking enemy communications. It is to be noted that the Southern defenders are ranging farther and farther in their efforts to cut off the flow of Communist troops and armor to the fighting front—efforts which are now beginning to show their full effect. But the practical problems of waging war illustrate the difficulty of confining a conflict within rigid limits. The Korean war, now in its third week, provides an example of its expanding nature. Original orders to United States air formations were not to cross northward of the 38th parallel—the dividing line between North and South Korea. But it soon became obvious that such a limitation was unworkable.

It is easier to destroy tanks as they approach the firing line than after they arrive there. It is easier still to destroy them far in the back area where they may be caught at rest on the roads;

or, better still, to catch them at assembly points still farther from the scene of fighting. Or—and here modern war emerges in its final form—why not destroy them at the source? In the factories where they are made? Thus we see the logical steps by which warfare spreads. In the present case, if the factories are in Russia, the final step may not be taken; certainly not unless some act by the Soviet brings Red Army troops officially into the fight on the side of the northern aggressors. But the principle still holds.

Other factors also tend to intensify and expand the conflict. Reports that the bodies of seven American soldiers who had surrendered at a roadblock behind them—apparently executed at the roadside—will bring a bitterness and fury to the onslaught that was found in the last two world wars. Such incidents no doubt will multiply as the fighting progresses. There can be no such thing as a partial war. Every effort will be needed to keep this one within reasonably safe bounds.

Why Not A Living Memorial?

ALTHOUGH VICTORIANS WHO have read Evelyn Waugh's "The Loved One" may think differently, it is quite conceivable that owners of pets might wish to perpetuate the memories of their little animal friends after the latter have died. The suggestion that a cemetery be created for them somewhere near Victoria, however, scarcely represents true sentiment. That is a form of sentimentality we think should be discouraged.

A man's best friend may be his dog, as some writers have declared. But when that dog is dead, it is simply a carcass. As such it should be considered in terms of a disposal problem and nothing more. That attitude in no way discounts the affectionate memories a person may have for the pet he or she

knew as a living creature. Nor should it deny the individual the right of seeking to perpetuate that memory in some reasonable way. It seems to us, though, that any means of recognizing an attachment of that nature should be expressed in a positive way for animals that are still alive.

It is difficult to see how the existence of such burial parks in Seattle, Minneapolis, Chicago, Toronto or Hollywood add anything to the reputation of those cities for humanitarianism, or a healthy state of mind. A little more reflection should convince the proposer of the plan that a far more fitting memorial might be created. Why not a donation to the S.P.C.A. equivalent to the costs of such a project for the benefit of pets that might need attention?

What A Silly Idea!

MEMBERS OF VICTORIA CITY Council should take themselves in hand and ask themselves a question about this business of their free parking. They might put it this way: What right have we, paid servants of the electors, to take upon ourselves the authority to place ourselves above the operation of a civic ordinance to which every other citizen must conform—or else? No argument can be advanced which, by any

stretch of the imagination, will justify the action the Council has taken in this regard. Surely Mayor George and his aldermanic colleagues will waste no time in restoring recognition of their collective obligation. Otherwise, some hard-pressed taxpayer might suggest to them that if his representative at the City Hall can dodge the parking fee, he, too, is entitled to put the blind eye to this and other exactions which nibble at his income.

Seventy-Five Years Of Age

THE PEOPLE OF ALBERTA, LIKE their geographical location, appear to combine very successfully the vigor of the mountains and the stamina of the plains. Few of their activities—whether it's staging a stampede, winning a national football championship or backing an oil boom—lack the zest and determination that, as a heritage of the old West, has become so much a part of their nature. Thus there should be little surprise that the occasion of the 75th anniversary of the founding of Fort Calgary and the city that has subsequently arisen is calling forth a super-sized demonstration by the residents of the prairie community. The celebrations will be on a scale comparable with the dimensions of the "birthday cake" occupying the lawn in front of Calgary's City Hall. And the continuing rivalry between that city and Edmonton has been stilled for the

moment in acknowledgment of the capital's gift of 20,000 pieces of cake to be distributed today.

Among the features of the anniversary observance is a mammoth edition of the Calgary Herald, which boasts a history only eight years shorter than that of the community it so long has served. Consisting of six sections covering news, agricultural, historical, oil and gas, industrial and sport, each three-pound copy of Saturday's paper presents for every reader a survey of the past three-quarters of a century in southern Alberta and a comprehensive picture of the present situation. A total of 2,500 miles of newsprint went into the production, and newspaper offices throughout Canada will join in congratulations to the Herald and to the citizens of Calgary on the noteworthy product of this herculean task.

Some Bits And Pieces

Fable: Once upon a time the doctor told a man he must give up smoking and he quit without grumbling.

A little splurge of extravagance is something enjoyed by every member of the family except the one paying the bill.

Nature note: The hardest bird to raise in captivity is the dove of peace.

Fable: Once there was a wedding and when the bride came down the aisle none of the female guests turned a head to look.

Slackening Of Workers' Efforts Brought New Purge In Hungary

By CLIVE WINDERMERE, from London

STERN measures are being taken again in Hungary against government officials and members of the general public following a strong warning given by the vice-premier, Mr. Rakosi, that the Communist party has failed to consolidate Communism in the country. In a speech in Budapest, reports of which have now reached London, Mr. Rakosi accused Communists, Socialists, priests, farmers and businessmen alike of hampering the progress of "our Socialist construction."

BUSY AGAIN

He criticized some workers' leaders, saying: "These gentlemen lay low for a time but have become busy again lately. Their activity is, however, quite different from what it used to be. Now it is they who are slackening discipline, increasing wastage, advising and encouraging slackers, wage and social benefits swindlers, who are spreading the scare rumors of the enemy and seeking to undermine the good spirit of the workers."

He denounced the workers' impatience "for immediate material plenty," stating that the standard of living rose by 17 per cent during the first five months of this year.

Rakosi then quoted Stalin's words of 30 years ago when he castigated the

Russian people for expecting to achieve Socialism without any effort, and continued: "Hungarian Communists must oppose this attitude which the enemy is fostering with the transparent aim of disturbing the order and the planning of our Socialist construction."

Rakosi's admission of failure and of minor and major mistakes in the Hungarian Communist Party did not come as a surprise to his listeners either at home or abroad. Continuous reports of sabotage resulting in a rapid fall in production in both heavy and light industry have suggested for some time that there is a growing resistance to the present government leaders among the workers.

APPARENTLY FAILED

The result of the party purge, which Rakosi announced early in March, and which lasted until the beginning of June, affecting more than 20,000 of the most active Hungarian Communists, has not yet been announced. Reports from Budapest, however, indicate that it did not achieve the government's purpose.

Three Communists who were in charge of the purge, M. Janos Kadar, the Minister of the Interior, General László Solyom of the police, and Major General Kálmán Reval, head of the military police, were forced to resign two weeks ago. The latter two named are reported to be under arrest.

Reversal Needed

By JOSEPH and STEWART ALSOP
From Washington

W AVERELL HARRIMAN, newly appointed special assistant to the president, has returned to Washington several weeks before he was scheduled to return. And this simple fact is not without significance. For Harriman has returned to take part in the searing, wholesale re-assessment of American policy which has now become the first order of business.

The simple fact is that the Kremlin-sponsored attack on Korea has knocked the basic assumption underlying American policy into a cocked hat. This assumption was that the Kremlin was not now ready, and would not be ready for some years, to risk a world war. Yet the Kremlin has now clearly and consciously risked a world war. This in turn means that Washington has been mistaken about Soviet capabilities and intentions. Thus a new and unexpected situation has arisen, and a new policy must be quickly fashioned to fit this new situation.

HARRIMAN and the other presidential advisers who must devise the new plan of action will not find their own easy task. For complacency, muddling and self-delusion now make it necessary for them to start virtually from scratch.

They will find very little to build on. As far as America's relations with her allies are concerned, the Atlantic powers have yet failed to agree on any realistic plan for the defence of the Atlantic community. This is for a simple reason. At the Hague meeting this spring the Atlantic defence officials wrapped the maximum defence requirements of every participating country into a huge, ungainly bundle, and called the monstrous result a "plan." At the subsequent Brussels meeting, the European finance ministers took one look at what this "plan" would cost, and threw up their hands in horror. There the matter now rests. Joint American-European defence planning is stalled at dead centre.

SINCE this fiasco, the American Joint Chiefs of Staff have been assigned to make a unilateral assessment of the extent of the American contribution to the defence of Western Europe. This is being done without close consultation with the Europeans, which is a nonsensical way to do business. And meanwhile the Joint chiefs themselves, as the National Security Board chairman, Stuart Symington, has repeatedly and bitterly pointed out, have not even yet agreed to a long-range strategic plan for the United States alone.

THUS Harriman and his colleagues will find themselves groping in near-darkness. There is, to be sure, no mystery about the general outlines of what is now really required—indeed, outside the Pentagon, there is almost unanimous agreement on this point. A great effort must now be initiated, both here and in Europe, to erect a real, rather than a sham, defence for Western Europe, while Far Eastern defences are also greatly strengthened. This cannot be done unless the American effort is immediately stepped up from the current, phoney, billion-dollar level to something like two or three times that sum.

AT the same time, the policy of reducing American armed strength in the name of "economy," initiated by Secretary of Defence Louis Johnson, must be abandoned as quickly as possible, and at least the \$18,000,000,000 re-armament level projected by James Forrestal before his death must be restored. Moreover, this increased effort at home and abroad must be initiated here and now, with an appeal for added appropriations to this session of Congress. Yet before this can be done, plans for where, and how, and for what purpose, the money is to be spent must certainly be agreed upon.

ALL this should be obvious to any sensible man—after all, since the attack on Korea, we at least know where we stand. Yet there are a number of obstacles to rational action. In the first place, the fact that overt aggression took place in the Far East will strengthen the hands of both the congressional and military isolationists. Even from the beginning of the last war, the congressional isolationists have insanely insisted on concentrating on Asia and letting Europe go down the drain. A similar sentiment exists in certain quarters in the Pentagon, and the fact that fighting is actually going on in Asia will strengthen it.

YET the most obvious complication is the simple fact that an effective American military and strategic policy will require a total, public, and embarrassing reversal by Secretary Johnson. The role of "the great economist" is hardly appropriate to the present situation. Yet the simple act of sloughing off this role will constitute a public admission that Johnson has been wrong, perhaps disastrously wrong, ever since he took office. Johnson is not eager to make this public admission. The new military planning which the changed situation so urgently requires is the responsibility of the Defence Department and the Joint Chiefs. And Johnson is Secretary of Defence and boss of the Joint Chiefs.

This is the greatest single obstacle to a rational response to the situation in which Americans now find themselves. Yet President Truman has now courageously called the Kremlin's bluff. As an old poker player, Truman must be fully aware that it is not much use calling bluffs if you have only a pair of aces in your hand. And although Johnson is the boss of the Joint Chiefs, Truman is the boss of Johnson.

'Ain't No One Here 'Cept Us Chickens, Boss!'

Of Special Interest To Canada

By SUSAN STRANGE, from London

WITH very little fuss or public excitement, the International Wheat Council held its third meeting in London recently. There were no rows or public displays of international bad temper, nothing to hit the headlines. But this International Wheat Council is one of the important ways in which nations are learning to tackle together a problem which concerns everyone—the danger of overproduction, surpluses and slump. Not only that, the International Wheat Council is a body held up by the economists as a model for many more which ought to be patterned on it for other commodities which have been scarce until now but may not be so for much longer.

SURPLUS COMMODITIES

It is true that there have been international arrangements made before now to deal with surplus commodities. But most of them were in the nature of international cartels, restricting production and splitting up a shrunken market.

The International Wheat Council and the agreement it operates do not work like this. The council is more like a sheet-anchor, steadying the market and providing a guarantee to consumers that no matter how bad a world crop may be, they will be able to buy part, at least, of the wheat they need at a reasonable price. At the same time it gives the farmers in producing countries a guarantee that no matter how big the crop, and no matter how low market figures may fall, a part at least of their harvest will be sold at a reasonable figure.

It does not aim to dictate to governments how they shall do their trading in wheat. Whether they buy or sell by government bulk purchase or allow private traders to do it is their own concern. All they have to do is to undertake either to export or import a specified amount of wheat or flour at a certain price—or

rather, at a price between a given maximum and minimum.

These maximum and minimum prices were set in advance for four years, beginning with last year's crop. The selling price for the guaranteed sales is to stay at nearly \$2.00 (Canadian currency) for all the four years, while the minimum price will fall, allowing for increasing production and trade in wheat from \$1.65 last year to \$1.32 for the 1953 crop.

At the third council meeting, Western Germany and Indonesia were represented as separate states for the first time, and Spain became a new member. This raised the total amount of guaranteed wheat under the agreement to just over 534,638,000 bushels, or over 87 per cent of the average of world exports in 1947 and 1948. Forty-five countries have now signed the agreement, including all the important importing countries, but excluding Argentina and the U.S.S.R.

OTHER GOODS

In this way, it is "intended to overcome the serious hardship caused to producers and consumers by burdensome surpluses and critical shortages of wheat." According to a United Nations committee of experts in commodity problems, government should consider if this method cannot be applied to other "danger-list" commodities such as tea, sugar and tin and possibly, in the future, wool, rubber or coffee. It is only by making the preparations in good time, they say, that the danger of commodity surpluses, spreading depression like a paralyzing poison throughout the world, can be avoided. It is worth remembering that the Wheat Agreement, which is now superseding the bilateral commodity agreements such as that between Britain and Canada, was not made at the first try in July, 1948, and that it took over a year for the United States Senate to accept an agreement.

'A Self-Reliant Civilization'

By JOSEPH LISTER RUTLEDGE

"WE do not deny the right of any citizen to adequate education, housing, medical care and job security. We do fear and distrust the "Papa knows best" philosophy in which the state assumes it can spend the citizen's money more wisely than he can spend it himself."

ADMISSION PRICE

We are quoting from the words of Benjamin H. Namm, a highly successful department store operator of Brooklyn, N.Y., as they appeared in Collier's Magazine. Admitting so much, Mr. Namm further contends that "Not 10 per cent of our citizens would enter the door marked 'Socialism' if the price of admission was clearly indicated." The trend of the unwary in this direction arises from the fact that the generous promises have borne with them no suggestion that when a government gives, it also takes away.

Enterprise too has been lacking. It has been supremely unenterprising in making clear how many of the proposed advances are already half way to accomplishment as a result of expanding production and distribution in which enterprise has had a major and government a very minor part.

The advances of labor, the elaboration of products that have added to the comfort and graciousness of living, and the increased earning power that has made both possible, certainly haven't come from government. They spring from a profit incentive system and from no other source. Yet labor still believes that

management is unfriendly and all but 41% of the public believes that corporations do not tell the truth about their profits. Strangely enough they are prepared to put all their fortunes in the hands of government, which, if it were true, must be a party to the deception, as the government's own tax and accounting experts have rigidly supervised these figures.

It would seem that enterprise has failed to secure a friendly understanding because it has attempted to do what the late Al Smith shrewdly observed was impossible—"to beat something with nothing." It has let the welfare state advocates have all the cards and make all the promises. It has failed to remind the public that, over the years, enterprise has done far more for the people than government now promises to do and that no more than in the beginning, does it now own the people.

DECLARE ITSELF

Because the impression grows that whoever opposes the welfare state is a hopeless reactionary, Mr. Namm urges that enterprise should declare itself for a welfare society, a self-reliant civilization in which the public and capital and labor and management co-operate to achieve for themselves what they mistakenly assume only governments can provide. Such co-operation over the past generations has proved able to open new frontiers and pioneer new causes and so, without any sacrifice of liberty, has assured a larger and more generous life for all.

By DEWITT MACKENZIE

Associated Press News Analyst

ONE OF THE most important aims of Russian strategy in furthering its world revolution is to bleed the democracies economically with the hope of rendering them vulnerable to Red attack.

This crafty line of thought long has permeated Bolshevik operations. A prime example of it was the Russian blockade of western Berlin. That forced the United States and Britain to maintain a long and tremendously costly airlift to provide the city with necessities. Russia carried out this coup without expending much strength herself.

Now we have the Korean show, which is more or less a piece off the same cloth. Russia has two main objectives in backing Communist North Korea's invasion of non-Communist South Korea. These objectives are (1) to gain control of the entire Korean peninsula because of its strategic value in possible future operations, and (2) compel the western allies to spread themselves and to expend economic strength in defending the South Korean Republic.

Again we note that while Russia has trained the North Korean armies, and has provided many sinews of war, Russia itself hasn't become directly involved. As usual she is using one of her satellites to do the heavy work for her—under expert Russian military guidance, of course.

And Korea isn't by any means the only theatre involved in this Red strategy.

In China the Chinese Communist regime has served notice on the United Nations that it is determined to capture the big island of Formosa "despite any military steps of obstruction taken by the United States government." The United States has assigned naval units to protect Formosa, which is the seat of Chiang Kai-shek's Nationalist government and his last stronghold.

What is the significance of this? It means that Moscow is pushing another of its satellites into the foreground to challenge the United States. It is an effort to make the United States weaken itself by widening its operations.

As this column has pointed out before, Russia is in the position of pouring an endless stream of Manchurian and Chinese Communist troops down through the North Korean funnel into South Korea. As long as this can continue there always will be new Red troops to take the place of those knocked out.

The U.S. will have to bring a lot of military strength into play before the situation can be overcome—and that will take time.

SMART BABOONS

Windsor Star

Fourteen baboons that escaped from the Detroit Zoo have returned of their own accord. Apparently one look at the outside world was enough to convince them the monkey house is preferable.

FAMOUS TRAVELER

Edmonton Journal

Fitzpatrick, of the famous movie travelogues, has closed up shop. As the sun sinks slowly beneath the azure waters, we don't know whether to say farewell, adios or aloha.

Ups And Downs

By BRIAN A. TOBIN

"THESE are the days," said the Elevator Man, "when some of the best efforts go into spilling things in the name of progress. The experts iron out a lot of bumps and remove a lot of troubles from our daily living—but some of them we'd got so used to we'd rather keep them. Take train travel, for instance. There's no doubt that Diesel engines do a slick job pulling a train. But a good many people would rather have a little poorer job done, and still enjoy the puffing and panting of the engine, the sound of the whistle and other things they've always associated with a railway trip. They're just old-fashioned enough to be willing to put up with a few old inconveniences if it means they can still enjoy the old pleasures too. Main floor!"

"Now," said the Elevator Man, "I see where a railway man has patented a continuous rail that he says will take the ka-tuck ka-tuck ka-tuck out of train rides. Or maybe for you the wheels say ruckatuck-ka-tuck, ruckatuck-ka-tuck as they click over the little gaps in ordinary rails. Everybody hears something different in the train wheels—they give out childhood rhymes or modern verse, old songs or new, slogans and memories. They say 'may-never-go-back, may-never-go-back' to young fellas setting out on their first long journey. They say 'coming-home-again, coming-home-again' on the last few miles of the return. Millions of people have dropped off to sleep to the comforting song of the rails. Cutting that out, even in the name of progress, would be like kicking your best friend out of your home. Going down!"

"It's time," said the Elevator Man, "to look things over and make sure we're not going too far with modernization. We might be throwing out a lot of gold dust with the sweepings. We might be cutting off our toes so the nice new shoes will fit."

Plenty Of Sports At Sunshine Camp

Sports day is always on program at Sunshine Camp, Sooke. Here, happy group of children practice for big event, while

cameraman gets photo finish. Children play all sorts of outdoor games under supervised program.

EAT LIKE HORSES

Camping Days Give Zest To Appetites

By BOB HUTCHISON

Little Kenny, aged seven, has an eating problem. "He hardly eats anything," his mother said just before she kissed him good-bye and sent him off to Sooke with Hazel Smith, director of Sunshine Camp.

Now Kenny is eating like a couple of small horses. Miss Smith reports. "The kids are eating us out of house and home," she said.

The 50 youngsters at the camp for 10 days are boys and girls between the ages of six and 12. They are children who are too young to go to "Y" or scout camp and who wouldn't otherwise get a chance to enjoy an outing.

The camp is run by the Family Welfare and Children's Aid Society. Each cabin is sponsored by a service club or some other charitable society. Three of the 14 cabins need a new sponsor, Miss Smith says.

HOMESICK AT FIRST

Kenny is having a wonderful time at camp. He was a little homesick at first but now he's having so much fun he hardly ever has time to think about home.

He is up at eight and eats a man-size breakfast for a seven-year-old. After breakfast is "fag duty."

There are dishes to wash for the girls, fires to lay and the yard to clean up, for the boys. After this the cabins have to be tidied and inspected.

The tidiest cabin gets a pen-

Nigel Morgan To Speak On Korea

The present situation in Korea and the threat to world peace will be discussed by Nigel Morgan, provincial leader of the Labor-Progressive Party, at a public meeting in the Williams Building, 749 Broughton Street, tonight at 8.

The national executive of the party has issued a call to all peace-loving Canadians regardless of opinion as to the cause of the Korean conflict, to act to prevent the present crisis exploding into a world war.

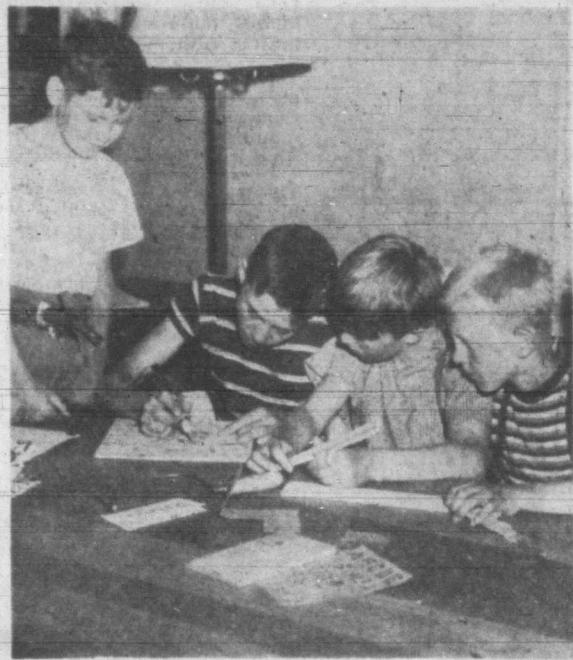

The statement proposes that Canada take the lead in the United Nations in pressing for the admission of Red China to the Security Council.

The St. Laurent government is urged by the party to propose settlement of the Korean problem by negotiation based on the withdrawal of foreign troops and the creation of an independent unified Korea.

NEW METHOD GRIGG

Recreation Room Busy Place

Recreation room is one of camp's busiest places. Youngsters watch one of older boys work with wood-burning set during handicraft period.

nant each day. At the end of the camp the cabin which has won the pennant the most times gets a prize. So far the senior boys have been the tidiest, much to the disgust and embarrassment of the girls.

After "fag duty" handicrafts are on the schedule. Kenny enjoys painting shells most of all. He modeled a clay horse the other day.

REST PERIOD UNPOPULAR

Following lunch hour comes the most unpopular part of the day. Rest period. Kenny doesn't like staying in his cabin for an hour at all.

As soon as the whistle goes he's out playing his favorite game, London Bridge. "They love any game with singing," Miss Smith says.

At four o'clock, when the tide comes in, all go swimming. This is the high point of the day for Kenny. He couldn't swim a stroke when he came to camp. But the other day he got his foot off the bottom for the first time, and hopes to be able to swim just like the older boys before he goes home.

After dinner Kenny joins in with the rest of the gang for a sing-song. The other night he played the part of Hansel in "Hansel and Gretel," a play he and some of the others got up

on their own. It was a great surprise for the rest of the camp and Miss Smith.

HIGHLIGHT OF THE SUMMER
Next Thursday it will be a sad boy who has to pack his things and leave for home. He'll miss the friends he made and the fun he had. Sunshine Camp will have been the highlight of the summer for little Kenny. He'll never forget the good times he had, or the people who made it possible.

The smile on Kenny's face will more than pay for all the work Joe and his fellow club members did to fix up Kenny's cabin which they sponsored.

Sunshine Camp will always be sunny in Kenny's memory.

Training Ship Has Stop Here

The United States destroyer escort vessel U.S.S. Waxbill called at the Royal Canadian Naval Base at Esquimalt Saturday afternoon with a full complement of U.S. naval reservists aboard.

The ship is in use this summer as a training vessel. She left port here Sunday morning.

THE HOME GARDEN

Use Turnips When Diameter Three Inches

By JACK G. BEASTALL

Rutabaga, the Swedish turnip, or just plain "swede," is a vegetable which thrives only in the cooler climates and makes an excellent fall and early winter crop.

There are several varieties listed and my choice for many years has been the Laurentian variety.

Many gardeners say they don't like turnips, or that turnips don't like them. The trouble in most instances is that they are trying to grow the largest turnips when they are about three inches in diameter. At this stage they are sweet and palatable with no indication of a woody texture.

The secret to tender roots is fast and steady growth. For this reason, we sow about a month earlier than some districts so as to get the crop well along before the nights turn too cold.

Being members of the Brassica family, turnips are subject to the same pests and diseases as cabbages.

Another fall vegetable is the Chinese cabbage. Actually, this is a mustard, not a cabbage, and it has been grown in China for 40 centuries. As with cabbage, the tops are cut, the outer leaves discarded and the blanched centre portion used.

It has a delicate celery-lettuce flavor when well grown and can be served in a number of ways. The heavy midribs are creamed like celery, the thinner portions may be cooked, or the entire centre used raw in salads.

Soil for Chinese cabbage must contain available plant nutrients to maintain steady growth, and moisture must be supplied so that the growth is never checked. Transplanting causes the plants to bolt to seed. Heads may be stored for three to four weeks after cutting.

Second Child Born

SANTA MONICA, Calif. (AP) — Former child actress Jane Withers, now 24, Sunday became a mother for the second time. She gave birth to a boy. Her first child is Wendy Leigh, 22 months.

DETROIT RIVER SAFETY ORDER

DETROIT (UP)—The U.S. Coast Guard is barring all non-essential traffic from the main channel linking the Detroit River with Lake Erie as a "security measure."

An alternate channel on the Canadian side of the river remains open.

Fishing vessels and pleasure craft were ordered to bypass the 24-foot deep Livingstone channel used by freighters in a shallow stretch of the Great Lakes waterway between Detroit and the head of Lake Erie.

Children in junior high school grades suffer more eye injuries than any other group.

Jams and Jellies Made at Home This Way Are Really SUPER!

You make them in 1/2 the time... with better taste and color... average 50% more jam or jelly from your fruit.

1 For better tasting jams and jellies use CERTO Crystals... the pectin product in crystals form that helps all fruits to jell perfectly.

2 A ONE-MINUTE full, rolling boil... that's all you need. It cuts down the time needed for old, long-boil recipes by two-thirds!

3 You get natural taste and color. The one-minute boil is too short to dull the color or spoil the lovely, fresh-fruit taste.

4 With CERTO Crystals you don't waste your juice by "boiling down". So you average 50% more jam or jelly from your fruit.

5 Tested recipes — one for each kind of fruit — come in every package of CERTO Crystals. Follow the simple directions EXACTLY for success every time.

CERTO FRUIT PECTIN

PICK AND SHOVEL TODAY AND WHAT TOMORROW

Look at a gang of pick-and-shovel men working in the street. Better look them over carefully. The head of tomorrow's big construction company may be among them.

That is the way our system works.

There is nothing wrong with pick-and-shovel work. It is honest toil, pretty well paid these days—better paid by far than anywhere in the world outside this continent.

But always there will be some whose ambition stretches to greater things. So they save their money, and soon they are taking small sub-contracts, later, bigger ones. And after demonstrating the ability to work hard and lead men, they get more capital and go after still bigger jobs. Eventually it can be a big construction company.

Dreaming? Not a bit. The head of just about every large contracting firm in Canada started that way and fought his way up the ladder of success.

That is why it is called the free enterprise system—it works for Canada and Canadians.

It is worth guarding and preserving.

Refugees Win Seats In New Schleswig House

People From East Germany Represented; Right-Wing Block Will Form Government

KIEL, Germany (AP)—East German refugees have made a strong showing in a British zone election but failed in their bid for control of the Schleswig-Holstein Parliament.

Complete returns from Saturday's balloting in this state, which borders on Denmark, showed the new Refugee Party had polled about 25 per cent of the total vote. That is enough to make it a definite power in the 69-member state parliament, and might even win it a spot on a coalition government.

The election was watched throughout the country to see whether West Germany's 10,000,000 discontented refugees would become a political group to be reckoned with.

The new group cut deeply into the strength of the established political parties. The left-wing Social-Democrat Party, which has governed Schleswig-Holstein for several years, lost its parliamentary majority. It received less than one-third of the vote.

A right-wing bloc—the Christian Democrats, Free Democrats and the German Party—won first place by pooling their strength behind the same candidates in each of the 46 electoral districts.

The combine is similar to the right-wing coalition federal government at Bonn, and opposes the state's present Socialist-planned economy.

Final official tabulation gave this division of the legislative seats: Right-Wing Bloc, 31; Socialist Democrats, 18; Refugees,

16; South Schleswig Voters' Union, four.

There are some 1,000,000 refugees from East Germany crowded into Schleswig-Holstein.

Many members of the Refugee Party are homeless and jobless. They based their campaign on complaints that the state and federal governments have not done enough to help the refugees.

The total of 1,341,754 votes cast represented 78.2 per cent of those eligible to ballot.

Six Killed When British Cruiser Pounding Korea Struck By Shell

LONDON (CP).—The Admiralty announced Sunday that the cruiser Jamaica, operating off Korea, was struck by a shell from a shore battery.

Five men were killed outright and another died of wounds, the Admiralty reported. The cruiser was not materially damaged.

The Jamaica, an 8,000-ton vessel of the Fiji class, mounts nine 6-inch guns, 26 anti-aircraft weapons and six 21-inch torpedo tubes.

Five of those killed were soldiers. The Admiralty did not disclose why soldiers were aboard the cruiser.

The Press Association said it is likely the soldiers were taken aboard at Hongkong for a cruise before the fighting in Korea started, and that they could not be landed before the Jamaica was ordered into action.

The Jamaica was hit during an intense Anglo-American na-

val bombardment in which naval shells started landslides that blocked the main road along Korea's east coast, said a Tokyo dispatch.

Red troops, held up by the landslides, were then shelled from the sea. The action was near Yangyang, 10 road miles north of the 38th parallel. When the warships retired, big oil fires were burning, a Tokyo headquarters announcement said.

Woman Murdered

SAN FRANCISCO (AP)—Nude and unconscious, an attractive San Francisco secretary, her head battered, was found Sunday on San Francisco's ocean beach.

The victim, Mrs. Myrna Stewart, 39, died without regaining consciousness. Police are looking for an army sergeant who was discovered with her, but who disappeared moments later.

Fire Kills Two Sailors

RICHMOND, Calif. (AP)—Two men died and two others were burned seriously in a flash fire late Sunday aboard the Liberty oil tanker John Goode.

CHIROPRACTIC FOR HEALTH

STOMACH ULCERS

The stomach is an amazingly efficient machine. When food enters, it produces digestive acids in correct quantity and of the proper quality to deal with whatever the volume and chemical make-up of the food may be. As food leaves the stomach, the production of acid ceases.

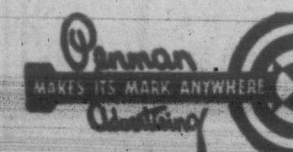

That is what happens in a healthy stomach. But all stomachs are not healthy. Some produce too much acid, or produce it when the stomach is empty. The acid, with no food for it to break down, washes against the delicate lining of the stomach, and breaks down the stomach wall, resulting in ulcers.

To treat the ulcer itself is not sufficient. The cause must be removed. As the quantity and quality of acid produced is controlled by the nerves supplying the stomach, it is obvious that, since the stomach is not functioning properly, the nerves themselves must be at fault and should be examined.

This the Chiropractor does. He locates the vertebrae interfering with the proper flow of nerve impulses over the stomach nerves and, by chiropractic adjustment, restores it to its normal position. The stomach resumes its normal activity and, no longer irritated by the over-production of acid, the ulcer heals.

By correcting the cause, a permanent cure usually results, as testified by the thousands of stomach ulcer patients who have been restored to good health by Chiropractic.

the newspaper's dog photo contest has been published yet. Here it is, Nipper. And to the dozens of other pups entered, have patience and you'll see your photo in the next few weeks.

Squirrel Crashes Swank Gotham Hotel, Sending Man To Hospital

NEW YORK (AP)—A brash brown squirrel invaded the fashionable Sherry - Netherlands Hotel Saturday, and kept the main lobby in a turmoil for more than two hours.

The melee sent one man to a hospital with a cut lip.

The squirrel, apparently from nearby Central Park, withstood the combined efforts of a platoon of bellboys, porters,

clerks and hotel housekeepers to oust him.

It took an animal expert to do the job.

The squirrel leaped to the shoulders of half a dozen of his would-be captors, but nobody could lay a hand on him.

A cigar counter clerk got the cut lip as he sought to coax the rodent into captivity with salted peanuts.

The squirrel ignored the peanuts, jumped to the man's shoulder, knocked off his

glasses and scratched his lip. Finally, an inspector from the American Society for Prevention of Cruelty to Animals, captured the squirrel with a net in the hotel's carnival room.

Calgary Albertan Marks Anniversary

CALGARY (CP)—The Calgary Albertan tonight turned out its biggest edition since it was first founded in 1902. The 132-page paper honors the 75th anniversary of the city of Calgary.

The five sections trace the city's history, the Calgary Exhibition and Stampede, industry, agriculture and oil.

Squabble In Union Ruins British Phone Services

M.P. Claims Buck-Passing By Breakaway Group; Trouble With Registered Mail, Too

By ALAN HARVEY

LONDON (CP)—If you want to know why telephone service in Britain is so bad, says Postmaster-General Ness Edwards, ask the trade unions.

Edwards told the House of Commons last Thursday that a "vendetta" between a union and a breakaway part of that union often leads to buck-passing. As a result, telephone calls are delayed, registered letters disappear and nobody can find out who is to blame.

In one case, a complaint was received from a member of Parliament. Investigation showed that the complaint involved an office with four supervisors and 20 telephone calls.

"The two supervisors are in a breakaway union," said Edwards. "Two are in the parent union. The operators are split up the same way. What happens? Supervisors who belong to the dissident body obviously try to cover their own members. Supervisors in the parent body do the same."

"Each blames the other, and I have to say that I am sorry I cannot explain the delay."

"Registered letters disappear in circumstances of this sort, for which I cannot give an explanation because there is a spirit of non-co-operation and this vendetta between members of the staff."

The telecommunications union promptly issued a statement protesting the Postmaster-General's remarks. The statement said that no member of the union had duties of establishing calls for public or had anything to do with handling mail, registered or otherwise.

At Least 28 Die Violently In East

TORONTO (CP)—At least 28 persons died violently in eastern Canada over the week-end, a Canadian Press survey showed Sunday night.

Fourteen persons were drowned, 11 were killed in traffic accidents, one died of burns suffered in a lighthouse explosion, one was struck by a train and one man was fatally injured

when he was kicked in the chest by a horse.

Ontario and Quebec each reported 14 fatalities.

Magnetite Plans

HILLSWICK, Shetland Islands (CP)—Scientists are investigating the possibility of developing magnetite deposits here. Large quantities of high-grade ore were recovered from a shaft during the war and the assay of magnetite was then stated to be 60 to 70 per cent.

"... COSTS ... PRACTICALLY CUT IN HALF"

with a modern **AUSTIN** fleet

Fred Deeley Ltd.
901 West Broadway,
Vancouver, B.C.

ATTENTION: Mr. Fred Deeley

Dear Sir:

We wish to compliment you on the performance of the 1949 Austin A40, and to thank you for interesting us in their purchase.

We have five A40's in our firm at the present time, all of them giving service with maintenance costs practically nothing. Three of these cars are on Sales work and travel approximately 1500 miles per month. We are amazed at the saving in the operating costs. Over the last six months our costs have been practically cut in half.

The one feature which appeals to the writer the most is the fact that the riding qualities and comfort are equal to a larger car. However, this is something one has to experience by riding in the new A40, as any previous experience with Austin cars gives the wrong impression.

Thanking you again and assuring you of our continued business, we are,

Yours very truly,

MANN LITHOGRAPH CO. LTD.

Main Prize Winners In Fish Derby

Sandra Worboys and Kenney Knight are congratulated by Ed Wares, left, and Pat Frumento for reeling in the heaviest salmon in Sunday's annual junior salmon derby in Saanich Inlet.

Sandra Worboys Catches Largest Fish In Annual Children's Derby

A nine-year-old girl and a boy of the same age weighed in the largest salmon Sunday to win top prizes in the annual "kids derby" of the Victoria-Saanich Inlet Anglers' Association in Saanich Inlet.

Topweight specimen of the derby was placed on the scales by Sandra Worboys, 1610 Millgard Street. It weighed 20.12 pounds. Next heaviest salmon put on the scales was the 9.12-pounder caught by Kenney Knight, 1885 Quamichan Street.

Both of them won a rod, reel and line.

Co-sponsored by the Frumento Fishing Tackle Works, the derby attracted a record entry. A total of 111 entered the 10-hour competition. Fishing was generally poor. Most of the entries were weighed in at the Anchorage, Brentwood, where Ed Wares, former coach of the Victoria Cougars hockey team, officiated at the presentation of prizes. Stan Ball and his committee were given a pat on the back for a job well done. Other members were Frank Curtis, Bill Hunter, Harold Gent.

Ronnie Knight, brother of Kenney, registered the third prize-winning fish. It went 8 1/2 pounds. Thirteen-year-old Norman Dicks, 1111 Finlayson St., was fourth, with an eight-pounder. Most prizes were fishing tackle.

OTHER WINNERS

Other prize winners were: Marilyn West, 16 of 1553 Third Street, Sidney, 7 1/2 lbs.; fifth, Bob McMillan, aged 16 of 1278 Centre Street, 7.01 lbs.; sixth, Bob Gibson, 3710 Craigmill, 7 lbs.; seventh, R. Piercy, 2344 Beach Drive, 6.14 lbs.; eighth, David Brown, 1050 Redfern Street, 4.12 lbs.; ninth, Ray Thomson, 65 Dunford Road, Langford, 4.06 lbs.; Tenth, Bob Booth, 41 Mill-

No Closure Of Cowichan Bay To Sports Fishermen

The Department of Fisheries has no intention of closing Cowichan Bay area waters to sports fishermen.

A statement from the department was received by the Cowichan Bay Salmon Club directors Sunday to clear up rumors that such action was pending.

The statement said: "To date there has never been a closure of the sport fishing area of Cowichan Bay, and as long as spawning conditions remain as in the past the Department of Fisheries has no intention of closing the area. The last thing the department wishes to do is to close an area."

AMERICAN LEAGUE 8-5 CHOICE

Raschi, Roberts Named Starting Pitchers For Baseball Classic

CHICAGO (AP)—The American League today ruled an 8 to 5 favorite to continue its dominance over the victory-starved Nationals in tomorrow's 17th renewal of baseball's all-star game.

The fact that Vic Raschi, veteran New York Yankees pitcher, will open for the American League against inexperienced Robin Roberts of Philadelphia, Phils has no bearing on the odds.

The Americans probably would be favorites to win simply because they've made a career out of knocking the tar out of their inter-league rivals in the mid-summer and world's series classics.

Ever since the mighty Babe Ruth blasted his two-run homer

to give it a 4 to 2 victory in the first all-star game 17 years ago, the American League has had the upper hand and now leads 12 games to 4. The National's last triumph came in 1944.

Despite the big edge by one league, the game continues to maintain a stout hold on the public. A capacity Comiskey Park crowd of 49,000 will watch the teams in action on the same field where the game was inaugurated in 1933. Requests for more than 200,000 tickets were received.

PITCHER LINE-UP

No pitcher is allowed to work more than three innings. Manager Burt Shotton of the Nationals is expected to follow Roberts (103) with his own Preacher Roe (104) and New

York Giants' Larry Jansen (95), York, the belvedere of the Brooklyn staff, is the only southpaw.

Cas Stengel, the American League's leader, may send in Yankee Tommy Byrne (93) in middle three innings and close with Chicago's Ray Scarborough (88). Raschi, who has not allowed a run in six innings of all-star pitching, has won 10 of 16 decisions during the regular season.

Jackie Robinson of Brooklyn and Hank Sauer of Chicago Cubs, who for a time, appeared doubtful starters, will be in the opening line-up for the Nationals. Robinson was out for several days because of a wrenched knee. Sauer, originally snubbed by Shotton, will start either in left or centre field.

SHAMROCKS OUT TO BREAK TIE WITH TRIBE TONIGHT

Undisputed possession of second place or a possible tie for first place in the Inter-city Lacrosse League is the prize at stake when Victoria Shamrocks meet Vancouver Indians at the Memorial Arena tonight at 8.30.

Shamrocks and Indians are currently tied with Burrards for second place, two points behind the Adanacs, who meet Salmonbellies at Queens Park in the league's other scheduled game.

A win for the Rocks combined with a defeat for the Adanacs would leave the locals tied with the yellowjackets for first place. On Wednesday the Shamrocks will be at home to Richmond.

Boston Braves Cast Eyes On Top Berth

The word "pennant" is back in the vocabulary of Boston baseball fans and they're not referring to the Red Sox. They're whooping it up over Billy Southworth's Braves.

The third-place Braves today are only two games out of first place in the National League. They have won 17 out of their last 25 games, a roaring 680 clip. June 14 the Braves trailed the pack by 6 1/2 games.

Pitching has put the Braves where they are. In the beginning Warren Spahn and Johnny Sain carried the load. Then Vern Bickford got into the groove and recently Bob Chipman began to click.

The Braves inched to within two games of the pace-setting Philadelphia Phils yesterday as Bickford turned in a brilliant 3 to 2, 11-inning victory over New York Giants. Bickford limited the Giants to eight hits and only three walks and won out on some daring base running by Sam Jethroe who opened the last of the 13th against Sal Maglie with a double and stole third. One out later Maglie intentionally walked followed with a grounder to Maglie who bluffed Jethroe back to third and then attempted an inning-ending double play.

Maglie's throw pulled. Ed Stanky off second and Jethroe, who injured his left instep in his steal of third, limped across the plate with the winning run as Gordon beat Stanky's relay to first.

CUBS BEATEN

The Phils were trounced 7 to 3 by Brooklyn Dodgers but maintained their one-game edge over St. Louis. The Cards dropped a 3 to 2 decision to the tail-end Pittsburgh Pirates.

The pennant race in the American League tightened as Cleveland Indians knocked off the league-leading Detroit Tigers twice, 6 to 2 and 5 to 2, in Detroit. The defeats cut the Tigers' margin over the runner-up New York Yankees to three games. The Yanks tripped Boston Red Sox 3 to 1.

Sixth-Place A's Meet Bears Tonight

Tacoma Retains Lead In Four-Team Battle

Victoria Athletics moved into sixth place in the Western International League race at Spokane last night thanks to Ron Smith and a 13-hit attack by the A's against three Indian moundsmen.

Smith, the most dependable hurler on the staff, spaced six hits in throttling the Indians, 10 to 3, for the A's third win of the four-game series.

Business manager Reg Patterson of the Athletics announced today that outfielder K Chorlton would not be returning to the team. Patterson received word from the Seattle Rainiers Sunday that they intended to keep Chorlton for their roster.

VALLEE COMING

Veteran outfielder and first baseman Hank Vallee was due to join the Athletics today. Vallee, formerly with the Tacoma Tigers, boasted a better than .300 average in his last season in the W.I.L. and bats from the left side.

Meanwhile, the battle for the league lead is closer than the next second with only one game separating the first and fourth-place teams.

Tacoma clung tenaciously to the lead but Yakima's Rising Bears two-timed Vancouver Capitanos, 6 to 1, and 6 to 2, to move within .002 of the Tigers.

For a while Sunday Tacoma Athletics Chiefs grabbed the first game of a double header from the Tigers, 6 to 5, to momentarily hold the lead but the Tigers slipped back into their accustomed spot with a 5 to 4 victory in the second contest.

The second game defeat dropped Wenatchee to third, a half game behind Yakima.

Tri-City stayed a half-game behind Wenatchee and one game behind first place by defeating Salem, 9 to 3.

MARSHALL TONIGHT

Tonight the A's open a four-game series with Yakima with John Marshall set to take the hill for the locals.

The A's jumped on an old nemesis John Conant early at Spokane, scoring one run in the

first and four in the third. Conant finally went out after giving up two more runs in the fourth. Yerkes and Jack Curran, the latter a former Gonzaga University star, mopped up for the Indians. Curran allowed only one hit and two runs in the four innings he worked. He walked nine.

Smith was in trouble only in the eighth innings when Spokane scored its three runs. Short scores follow:

First Game— R. H. E.
Tacoma 10 3 0
Indians 3 10 2
Yerkes (7) and Noble (6) for Indians.
Second—
Tacoma 6 5 0
Yerkes (7) and Noble (6) for Indians.
First Game—
Tacoma 6 5 0
Yerkes (7) and Noble (6) for Indians.

Tacoma 6 5 0
Yerkes (7) and Noble (6) for Indians.

Seattle Wins Pair For 10th Straight Series

Hollywood Splits To Retain 2-Game Coast Loop Lead

Some of the so-called "wise" observers around Coast League ballparks are laying odds that Oakland will be leading the loop come next Monday morning.

They look at it this way.

The Oaks are two games behind Hollywood Oakland meets Hollywood this week. Hollywood has never taken a series from Oakland.

In Sunday action, Seattle notched its 10th straight series win by blowing down Portland, 7 to 6 and 2 to 0 as Guy Fletcher pitched a four hit shut-out in the nightcap. The Suds used five pitchers in winning the first game and Portland used four to halt two big Seattle innings.

Oakland and Los Angeles split with the Angels winning the opener 8 to 6 and the Acoms capturing the closer, 5 to 2. San Diego took the first game over Sacramento 6 to 2 but the Solons crashed back in the night cap, 12 to 5.

Hollywood took the opener from San Francisco, 6 to 3, but the Seals nabbed the nightcap, 2 to 1.

First Game— R. H. E.
Hollywood 6 3 0
San Francisco 3 6 1
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

Second Game— R. H. E.
Hollywood 2 0 0
San Francisco 12 5 0
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

First Game— R. H. E.
Hollywood 6 3 0
San Francisco 3 6 1
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

Second Game— R. H. E.
Hollywood 2 0 0
San Francisco 12 5 0
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

First Game— R. H. E.
Hollywood 6 3 0
San Francisco 3 6 1
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

Second Game— R. H. E.
Hollywood 2 0 0
San Francisco 12 5 0
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

First Game— R. H. E.
Hollywood 6 3 0
San Francisco 3 6 1
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

Second Game— R. H. E.
Hollywood 2 0 0
San Francisco 12 5 0
Salvador and Dwyer, Melton, Dempsey (4), Sutton (3) and Orteg.

First Game— R. H. E.

IT'S MY VIEW

By BILL WALKER

Victoria Shamrocks have barged their way into the forefront of the Intercity Lacrosse League race. The baseballing Athletics are still mired deep in the second division.

Oak Bay residents have been complaining about kids playing ball.

These are a few of the highlights of the past week. As for the Shamrocks, things have been on the upgrade since the club knocked off Burrards here 10 days ago. Successive wins over Adanacs and Salmonbellies have put the team in second place and this week they could move into the league's top spot with a continuation of their fine play.

Shamrocks In Stiff Test

First on the list of three games finds the Rocks meeting Indians here tonight. Then comes Richmond on Wednesday with the club moving to Vancouver to battle Burrards Friday.

Indians are the only team in the league to defeat the locals in regulation time on the arena floor this season and needless to say the Rocks are angling for revenge. With the club rolling along in high gear, it would not be amiss to surmise that a playoff spot is in sight, something Intercity League officials hoped for but believed incredible at the start of the season.

Individually the Rocks also rank with the league's best. Duff McCaghey is in a good position to take the league scoring crown and should rate along with coach Arnold Ferguson as a candidate for the league's Most Valuable Player Award. Fred Ransom and Norm Coates can't be overlooked in the selection of the Rookie of the Year award while Bill Andrews bids fair to top the league's netminding department.

Third Baseman Still Needed

Business manager Reg Patterson is still trying to find the key to the Athletics' problems. And although the A's showed some signs of life at Spokane by taking three games from the Indians, the situation is worse with the announcement today that K Chorlton is going to stay with the Rainiers. Third base is the main trouble spot as it has been all year. And now with Chorlton lost to the club for an indefinite period and Gene Thompson out with an injured knee, Hack's presence in the outfield is sorely needed.

The Percentage Is Against It

The most-asked question of the week was: "Why don't they walk Greco?" Well, it so happens that there is an old baseball axiom which says: "Never put the winning run on base." And Greco usually has the knack of appearing at the plate in the person of the winning run. And quite often he has proved to be just that. It's easy to second guess but still the percentage is against him hitting one out of the park. And in baseball a manager must play the percentages. Although the odd gamble does pay off, more often than not it works the other way.

The Oak Bay council is to be commended for its stand over the recent complaints of residents about youngsters using school ground for sporting activities in the evenings. The council backed up the kids and dismissed the complaint by saying that youngsters should make as much use as possible of park and playground facilities. There is a shortage of such facilities at present and any curtailment of the use of such parks would find the governing bodies of municipalities concerned shirking in their duty to the younger generation.

TIREMEN EARN TIE

Seattle Softballers Still Unbeaten Here

Seattle softball clubs continued to hold a hex over senior A clubs over the week-end, Seattle Rippers stopping off in the city long enough to win two games and tie one.

The Rippers defeated Douglas Tire, 4 to 0, Saturday night; were held to a 4 to 4 tie by the Tiremen Sunday afternoon in the first game of a double bill and defeated Bluebird Cabs, 6 to 1, in second game of the Sunday attraction.

On Saturday the Rippers took of three errors by the Douglas Tire infield in the sixth inning to score three runs. That was all they needed as Don Skinner set the Tiremen down with one hit. Ken Gunter was the loser.

HOMER FOR GOEGAN

Fieri Goegan's three-run homer in the third inning enabled the Tiremen to earn a 4 to 4 tie Sunday, the game being called at the end of nine innings to

enable the second game of the twin bill to be completed.

Joe Bryant went the route for the locals and blanked the visitors in the final six innings after giving up two runs in each of the first and third frames. Rippers outlasted the Tiremen, 7 to 4.

The second game Sunday was a pitcher's battle between Norm Martin, loaned to the Cabbies for the occasion, and Skinner. Seattle broke loose for five runs in the eighth inning to break a 1 to 1 tie on six hits, including a home run by Bobby Byers.

Short scores follow:

Seattle Rippers	4	6	0
Douglas Tire	0	1	3
Skinner and Craig; Gunter and Harris.			
Seattle Rippers	4	7	1
Douglas Tire	4	4	2
Pohl and Craig; Bryant and Milliken.			
Seattle Rippers	6	9	3
Bluebird Cabs	1	4	2
Skinner and Craig; Martin and Milliken.			

Peace Cup Won By A. Findlay

Defeating T. Campbell, Burnside, 13 to 10 in the deciding match at the Victoria Club Saturday, A. Findlay of the Victoria West Club, captured the Peace Cup, emblematic of the Vancouver Island singles lawn bowling championship.

S. Mitchell, Canadian Pacific, finished third, and A. Bennett, Nanaimo, fourth.

Members of the winning team in the consolation triples competition were A. Hays, D. Scott and W. L. Stanford (skip).

Victoria Side Wins Cricket

In an exhibition cricket match played Sunday at Beacon Hill, a Victoria representative team defeated the touring Ridley College eleven from Ontario, 89 to 61. Jim Sherratt of Victoria is the batter with J. D. Chaplin the wicketkeeper. Fielder seen in the background is J. C. Allingham.

Young Canadian Tracksters Set Up 22 Records

Vancouver Girl Takes Trophy As Ranking Performer

TORONTO (CP)—An almost unbelievable total on 22 record-breaking performances were in the books today, outcome of the two-day 45-event Canadian junior track and field championships that ended Saturday. It was probably the greatest assault on times, heights and distances in the history of the meet.

Under a blazing sun at the east-end Pantry Park, the 250 competitors from Quebec, Ontario, Manitoba, Saskatchewan and British Columbia peeled off record after record, topped by the Toronto Red Devils Track Club which made a run-away of the team-championship race. With more than 50 athletes competing, they ended with 281 points, 195 more than second place Montreal Track Club.

Five Vancouver girls, representing four clubs, posted a total of 49 points. Bob Bazo, Red Devils' junior, led the parade to the wire with four victories, including records in the discus and 120-yard high hurdles.

Alice Whitty, 15-year-old athlete from the Vancouver Arctic Club, was a double winner with firsts in the junior girls' high jump with a distance of 4 feet 9 inches and in the junior running broad jump with a 15-foot-7-inch mark. The youngster was awarded the Bennett trophy as the outstanding girl athlete of the meet.

Mathews Makes Successful Debut

With J. Mathews making his first mound start a winning one, Nobles Contractors defeated Beacon Taxi, 4 to 3, in the feature game of Sunday's Minor Baseball Association card.

The 16-year-old Mathews needed help in the final inning with Graham coming in to stop a threatened rally. Ferguson homered for Nobles.

In other games—Fletcher's whipped Oak Bay, 9 to 4, and Sidney blanked Ace Woodworkers, 8 to 0.

W. & J. WILSON

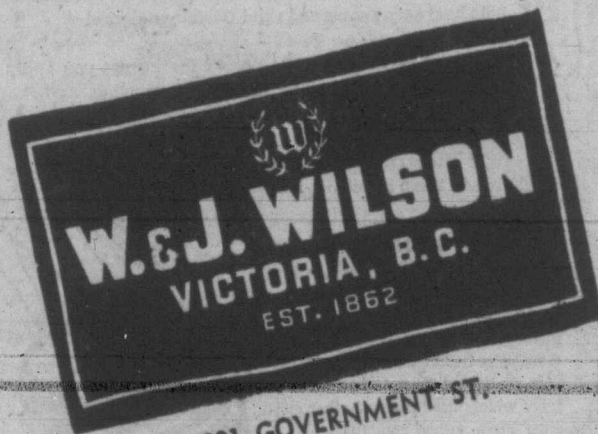

Serving Victoria 88 Years

QUALITY ALONE

can insure true VALUE

ONE CORNER OF MEN'S CLOTHING SECTION WITH TAILORED-TO-MEASURE DEPARTMENT

The words "Quality" and "Style" are so often used in connection with clothing that they are sometimes taken not too seriously. But at W. & J. Wilson it is our contention that without real QUALITY there can be no real VALUE. Since the very beginning of Victoria, W. & J. has stood for unquestioned quality, and today that reputation is more firmly established than ever.

Here the finest of imported woollens exemplify tailoring beyond criticism, and medium and light-weight tweeds, worsteds and gabardines and summer-weight two-piece suits are now being shown at the lowest possible prices consistent with true quality.

The Wilson MADE-TO-MEASURE Service affords the choice of finest imported woollens and personal tailoring of the highest order.

and in Vancouver at the Hotel Vancouver

W. & J. WILSON

Where QUALITY Comes FIRST

Bob Morrison Captain Of Willingdon Cup Team

Veteran Bob Morrison, the present city champion and one of the most popular linksmen in the province, last night was named captain of British Columbia's four-man Willingdon Cup golf team.

Morrison was the only Victorian chosen on the team to compete in the interprovincial match preceding the Canadian amateur golf championships at Saskatoon July 15.

The other three are Bill Mawhinney, Dick Moore and Hugh Morrison of Vancouver. Alternate is Percy Clogg, also of Vancouver.

Mawhinney was named to the team on his past record this year being conceded the title of B.C.'s outstanding golfer. He was medalist in the recent P.N.G.A. tourney at Vancouver.

TOP TRIALS

Hugh Morrison and Moore shot 72-hole totals of 296 to lead the cup trials. Morrison had scores of 70-77-76-73, while Moore had rounds of 73-79-73-71.

Bob Morrison had his worst round at Oak Bay with an 82 Saturday, finishing up with a 71 at Colwood and 26-hole score of 152 at Vancouver Sunday.

Scores follow:

Hugh Morrison, Vancouver, 147-76-73-296
Dick Moore, Vancouver, 152-73-71-296
Jack Reynolds, Vancouver, 153-72-73-299
Jack Ellis, Vancouver, 147-76-74-298
Percy Clogg, Vancouver, 151-73-69-299
Bill McColl, Victoria, 158-74-77-303
Jim Robertson, Vancouver, 156-75-73-301
Doug Bajus, Vancouver, 154-77-72-303
Lytle Hirschman, Vancouver, 156-75-74-304
Bob Morrison, Victoria, 153-77-75-305
Vic Painter, Victoria, 148-76-82-308

BIG WAGERING AT LANSDOWNE

RICHMOND, B.C. (BUP)—More than 6,000 high-spirited punters shoved \$122,737 through the tote board at mud-spattered Lansdowne track Saturday.

The lusty wagering brought to more than \$1,000,000 the amount of money bet on the horses in the first 10 days of the 1950 Lansdowne racing season.

LADIES' NIGHT SCHEDULED WEDNESDAY

Wednesday will be ladies' night at the ball park, business manager Reg Patterson of the Victoria Athletics announced today. All ladies will be admitted free to the grandstand. On the occasion of the first ladies' night a couple of weeks ago the biggest crowd of the season turned out with 6,000 on hand.

Friday night will be family night when father will pay, with the rest of the family admitted free to the grandstand.

Whang Bang Wins Second Handicap

SEATTLE (AP)—Whang Bang, fleet Washington-bred filly, made it two stake victories in a row Sunday by winning the 5 1/4 furlong \$3,000 Bremerton Speed Handicap, feature race at Longacres.

With apprentice jockey Joe Baze aboard, Whang Bang went the route in 1:04 4/5, only three-fifths of a second above the record for the distance set last year by Galla Darnon.

The winner, owned by Frank W. Brewster of Seattle, paid \$18, \$7 and \$4.10.

Korean Tanks Hit By Allied Planes

Australian-U.S. Fliers Knock Off Troops Caught On Open Roads

By ROY MACARTNEY

WITH AMERICAN FORCES IN KOREA (Reuter)—Australian Mustang fighters Sunday led Allied planes in a terrific rocket and machine-gun strafing attack on North Korean tanks and infantry driving southward.

I had a grandstand seat for the attack, seated in an observation post overlooking the plastered area.

30,000 At Stampede In Medicine Hat

MEDICINE HAT (CP)—Thirty thousand persons poured through the gates to witness the fourth annual Medicine Hat Stampede, which ended a three-day show Saturday night. Cowboys from Canada and the United States competed for \$5,000 in prize money.

Final winners were: Jim McGregor of Black Diamond, Alta., steer riding; Ken Brower of Aden, Alta., bareback bronc riding; Padgett Berry of Yuma, Ariz., steer decorating (7-4-16 seconds); Carl Olson of Cardston, saddle bronc riding; Buddy Dennis of Olton, Texas, calf roping (64-10 seconds); Harwood Foster of Cardston, Alta., wild cow milking; Bud Van Cleave, Taber, Alta., wild horse race.

Phone Fouled Up; Claims \$500,000

CHICAGO (AP)—Lawyer Robert Dowling wants \$500,000 because he says his phone number got fouled up. That's the sum he asked in his court suit Saturday against the Illinois Bell Telephone Company. And Reuben H. Donnelly Corporation, which prints the phone book.

Dowling said he spent countless hours answering calls for a record shop, because of a wrong phone number listing; when he got a new number, the operator failed to notify callers of the change, causing him to lose clients, the suit contended.

437 Imperials Apply In B.C. For Vets Allowance

Imperial and Allied Forces veterans of World War I living in British Columbia are not rushing to apply for war veterans allowances. Amendment to the W.V.A. Act extending its benefits to these men was passed by Parliament a month ago.

Department of Veterans Affairs reported today 437 applications have been received to date in B.C., including 110 from veterans and five from widows at the Victoria office.

D.V.A. had estimated 1,500 persons might be added to the 7,800 Canadian veterans and widows

Two Australian Mustangs flew over concentrations of enemy tanks, then dived.

We heard the brittle cracking of strafing machine guns.

It was evidently a trial run to identify the targets definitely.

Rocking came next. Wheeling over low hills, the planes split up for long flat dives on the enemy positions. The whine turned to a roar. Then we saw the flash of rockets landing among the enemy.

Blue smoke and black debris blew skyward.

For 12 successive runs, the Australians slammed rockets into what were obviously tank targets.

Then the strafing began in earnest.

The pilots crossed courses as they swept into the hollows and came roaring back into the fight at tree-top height, just clearing the neighboring ridges.

The Americans cheered the terrific flying.

One commented: "Your Aussie pilots are madder than ours."

After 20 minutes, the Mustangs circled the targets to guide other fighters to the quarry.

Jet planes came next. When the jets finished it was the turn of twin-Mustang fighters to be guided in.

The Australian Mustangs remained over the targets for nearly an hour, marshalling the attacking planes.

When the fighters finished, the bombers took over to slaughter North Korean troops caught on the open roads. Four B-26 bombers flew in for bomb and rocket attacks as I left the front to file this story.

Climax Of Two-Hour Death Circus

Aerial rocket leap, designed as supreme test for man and motor, will climax two-hour circus of death Joie Chitwood Auto Daredevils present at Langford track Tuesday at 8.30. Race driver Jack McAn-

draws will attempt to leap 1950 stock sedan from an elevated rampway through the air to another landing runway, hurtling over another speeding sedan in his flight.

Telephone Rate Increase Given In Ontario, Quebec

OTTAWA (CP)—The Board of Transport Commissioners announced at the week-end it had authorized the Bell Telephone Company to make an interim increase in its telephone rates in Ontario and Quebec.

In general the board permitted the application of the full 20 per cent increase in revenues sought by the company for long distance, private line, extension, service connections, moves and miscellaneous equipment.

On exchange rates it limited the increases to half of the 20 per cent applied for, or 10 per cent. Exchange rates are those which include local service for residents and business telephones.

The board's announcement did not make clear just what the increases granted would mean in actual rates paid by telephone users.

Bell officials in Montreal said it will take some time to work out the new scale of rates.

'U.R. Missing' GRAND RAPIDS, Mich. (AP)—A church had this sign out in front today: "This is a CH—CH? What is missing?"

Calgary Artist Presents Sketches Of Indian Ceremonial Masks To Archives

Miss D. Geneva Lent, Calgary artist, author and lecturer, has presented a series of sketches of Indian ceremonial masks to the Provincial Archives.

Miss Lent is well known in Victoria for her "needle-paintings," brilliant modern tapestry pieces, which she stitches and weaves from natural wool she dyes herself. In the pictures now on view she proves herself an accomplished artist in water color and pastel as well as needle-work. Interested in the crafts of Canada's Indians, Miss Lent spent some time in 1946 studying and sketching in the Provincial Museum. It was during this period that she produced the 42 paintings of northwest Indian masks which she has now given to the province.

The masks themselves are carved of wood, and represent the work of northwest coast Indian tribes, probably of the 17th

and 18th centuries. The precise age of the masks is not known, but anthropologists are certain that many of these masks are older, some by perhaps hundreds of years, than the totem poles. Some of the finest masks are products of the "stone" age, before the use of metal tools, introduced by the white

men of the 18th century, became general. They were carved with the aid of nephrite stone adzes and polished with the dried skin of shark or dogfish.

The drawings of masks, together with a collection of books on Indian masks, will be on display in the Provincial Library until the end of July.

45 MILES PER GALLON

New Model, Low-Priced Car To Go On Sale Next Year

NEW YORK (UP)—A "full-sized" automobile guaranteed to go 45 miles on one gallon of gasoline and equipped to cuss out the road hog so he can hear it is scheduled to go on the market next year with a \$1,095 price tag.

The Cortez—to be 14 inches shorter and at least 1,000 pounds lighter and considerably less chromium-plated than the average 1950 auto—is the development of John Tjaarda, Detroit auto designer who has been responsible in the past for trimming up such classy chassis as the Lincoln Zephyr and the Packard Clipper.

Its lightness, he claims, is safer. Its size just makes sense to the Netherlands-born designer in an era when 80 per cent of the cars in operation are occupied by only one person and the average family outing consists of "one father, one mother, one son, one daughter, one mother-in-law."

The 100-inch wheelbase car will

look in most respects about the size of today's small Studebaker, Tjaarda said.

A revolutionary new engine will enable him to guarantee the 45-miles-to-one-gallon performance.

There'll be very little flashy trimming and no push buttons, Tjaarda said—the windows will push up and pull down by hand, for instance, and the driver has to get out to put down the top on the convertible. But Tjaarda plans to install a small radio as standard equipment and a new-type cigarette lighter which does all the work itself while the driver keeps both hands on the wheel.

The cussing equipment will come extra—but under \$5—the designer said. It's a pet invention of his that connects up the horn which is just a horn most of the time. Flip a switch, however, and it's a "loudspeaker" which can reach the cop on the next corner with a request for directions.

JACOBY ON BRIDGE

The average player takes many finesse that the expert avoids. The reason is that the expert tries to develop other resources in the hope that something better than a finesse will turn up.

This does not mean, however, that the expert has no use for a finesse. In many hands it is the normal play. As a matter of fact, there are times when the expert takes a finesse that the average player wouldn't dream of. An example of this kind is shown in today's hand.

South's jump to four hearts showed a very strong hand. It was not an attempt to "close" the hand at a game bid. South wanted his partner to continue the bidding if he had a good hand. As it happened, however, North had a poor hand and therefore passed.

Although the final contract was shaky, it was not unreasonable. The contract would have been made easily if the ace of diamonds had been in the West hand instead of in the East hand; or if North had held the king of clubs instead of the king of diamonds. With either of these slight changes, it would be impossible to defeat a contract of four hearts.

In the play, West opened the jack of diamonds, dummy put up the king, and East won with the ace. East cashed the queen of diamonds and then shifted to the queen of clubs.

South took the ace of clubs, noting with deep regret that he was apparently doomed to lose two club tricks. Since he could afford to lose only one more trick, the contract seemed hopeless.

South's only chance was to set up a long spade in dummy and eventually discard one of the losing clubs on that spade. In order to do so, he had to ruff three spades in his own hand and still get back to dummy to cash the last spade. Therefore South would have to enter dummy three times outside of the spade suit!

Declarer began his campaign by leading his singleton spade to dummy's ace and ruffing a spade return with the ace of trumps. He then led the five of trumps towards dummy. When West played the seven of hearts, declarer finessed dummy's eight of hearts!

When this finesse succeeded, West clutched his cards closely to his chest and glared at declarer. He was wrong to be suspicious. South had not been sure his fi-

<p> ♠ A 8 5 2 ♥ 10 8 3 ♦ K 7 ♣ 6 3 2 </p>	<p> ♠ K J 6 3 ♥ 4 ♦ A Q 6 4 ♣ Q J 10 5 </p>
<p> ♠ Q 10 4 ♥ 9 7 ♦ J 10 8 5 ♣ K 9 7 </p>	<p> ♠ A K Q J 6 5 2 ♥ 9 2 ♦ A 8 4 ♣ Both vul. </p>
<p> South 1♥ 4♥ </p>	<p> West 1♠ 4♥ </p>
<p> North 1♠ 4♥ </p>	<p> East 1♠ 4♥ </p>
<p>Opening lead—♠ J</p>	

ness would succeed. He had been willing to risk a two-trick defeat in order to play for the contract. South continued by ruffing another spade with the king of trumps. He next led the six of hearts to dummy's 10 and ruffed a third spade with the queen of hearts.

By now all of the spades and trumps held by the opponents had been played. South could therefore lead his deuce of hearts to dummy's three of hearts. This gave dummy the lead and enabled declarer to cash the last spade. South then cheerfully conceded one losing club, and scored game and rubber with great satisfaction.

ONE MINUTE NEWS ABOUT

JOHNS-MANVILLE

BRIGHTER LOOK FOR HOUSING NOW

Canadian economy has defied the predictions of pessimists. Its development of natural resources grows apace, attracting more capital, more workers, and a continuing demand for new homes.

The use of Johns-Manville Cedargrain Asbestos Siding Shingles for exterior walls plays an important part in lowering building costs. Their low first cost and the fact that they cannot rot or burn and never need painting to protect them makes them highly acceptable to prospective home buyers.

Their very appearance is a "sales on sight" asset! J-M Cedargrain are now available in five beautiful colors. They are equally charming applied to old houses or new. For free Cedargrain folder, write Johns-Manville, 1206 Homer St., Vancouver, or see your nearest J-M dealer.

Woman, Man Hunt Two Fliers In Wilds Of Queen Charlottes

PRINCE RUPERT (CP)—Six months ago, an American B-36 bomber with 17 men aboard crashed in the Queen Charlotte Islands.

Twelve men parachuted to safety and were rescued. Five others are still missing. To hunt for two of them, a Texas woman and an Oklahoma man left Prince Rupert Sunday in a small ketch.

Mrs. Neal Straley of Fort Worth, Tex., is looking for her husband, Sgt. Neal Straley. Mack Phillips of Graber, Okla., is looking for his son, Capt. William Phillips, 29, navigator of the ill-fated bomber.

Dividing the expenses evenly, they hired a ketch, skippered by Capt. George Fritz, veteran north coast mariner.

They headed for Butedale, a village on Princess Royal Island in the Queen Charlotte group. Princess Royal is about 100 miles south of here.

At Butedale, they'll pick up one or two Indian guides and confine their search for probably three weeks.

The bomber went down Feb. 13. The hunt through the jungle-like forests of Princess Royal Island for the five missing crew members lasted more than a week.

A life raft was later found in the sea and the R.C.A.F. said at that time it "pretty well established that the men perished" in the Pacific.

Phillips left for Prince Rupert against the wishes of his daughter-in-law, wife of his missing son.

He said he believed Capt. Phillips reached the island and that there is a chance he is still there, alive.

Both said they hoped their search would provide some satisfaction, even if only the worst were known once and for all.

FIRE ALARM OVER FIGHT

WAKEFIELD, Mass. (AP)

Firemen from two towns were summoned on Saturday—to stop two boys from fighting.

Fire Chief Clifford E. Jacobs said companions, who wanted to break up the fight, sounded the alarm.

Apparatus from this town and nearby Reading raced to the scene.

AMERICAN TOURISTS LOVE 'EM

Victoria Chock Full Of Figurines From Every Place At Every Price

Figurines, the town's full of them. Big ones, little ones, cheap ones, expensive ones, beautiful ones, ugly ones, sober ones, funny ones, they're all selling like coal in a cold snap. American tourists love them.

"I don't know what they do with them all," one dealer said. They're ranging in price from five cents to \$500. The expensive ones are Continental, the cheap ones Japanese.

The English bone china ones probably are the most popular and the most abundant. Others come from the U.S. zone in Germany, Austria and occupied Japan.

Toby jugs ranging in the \$5 area are in demand with Americans.

The Americans say their eagerness for china is easily explained. China is only half the price here. Greater duty in the U.S. causes the higher price there.

DOLLAR HUNGER

The great influx of English and other foreign chinaware is caused by dollar-hungry countries in search of U.S. and Canadian currency.

When asked what they planned to do with the figurines they had just purchased, one American couple answered, "Whiffy

we're plannin' on takin' them home tooo friends in Mississippi." And that is what most of them do.

The figures range from Dickensian characters, to Field Marshal Montgomery.

CATER TO COLLECTORS

Collectors of figurines are another cause for the sudden surge in the market. Clever manufacturers keep changing designs in order to cater to collectors. Other designs are discontinued to make them more treasured.

Local trade in figurines is practically negligible compared to the American market, dealers say.

Most retailers stress the English china, even to the point of

WIFE CATCHES CAR THIEVES

Bus driver Roy Peters, Box 2303 Blenkinsop Road, sore about having his private car stolen while it was parked on Garbally Road on three occasions, took action to stop it. His wife was posted as a watcher. At 9 Sunday night she saw the culprits enter the car. Police were called and two 17-year-old boys are in the juvenile detention home.

Victorian Among Air Graduates

Two flight cadets, members of first graduating class at University Reserve Training School in London, Ont., get their gear in shape for ceremonial parade before Air Marshal W. A. Curtis, Chief of Air Staff. At left is Flt. Cadet Godfrey White, Victoria, first year arts at University of B.C. With him is Flt. Cadet J. Austen, Winnipeg. White will continue R.C.A.F. training in aeronautical engineering at R.C.A.F. Technical School, Camp Borden, Ont., as will Austen.

spelling old with an "e" and shop as "shoppe."

English accents also are prevalent. It's all part of Victoria's "little bit of olde England" campaign.

Grant Sought For Medical Library Here

The Victoria Medical Society applied to City Council, today for a money grant to help maintain the Victoria Medical Library at Royal Jubilee Hospital.

This is the first time the city has been approached to give financial assistance to this source.

In a letter to council, signed by Gavin Chisholm, secretary of the medical group, it was pointed out the library was used by the city's own service health department and welfare department as well as by the V.O.N., lawyers and staff members at local hospitals, including dietitians, pharmacists, occupational therapists, physiotherapists and student nurses.

The Public Library, too, sometimes makes use of the medical library, it was stated.

Mr. Chisholm's letter said great expense was entailed in keeping proper facilities at the library and that the grant was sought for this upkeep.

Officials Tour Playground Sites

The city parks committee, headed by the chairman, Ald. D. D. McTavish, this afternoon visited 10 parcels of land in various parts of the city which have been suggested as possible sites for children's playgrounds.

The committee at the next City Council meeting will likely ask that all or most of the 10 locations be reserved for this purpose.

The property at the present time is city-owned and vacant.

CARELESS DRIVING

Pleading guilty to a charge of careless driving July 2 on Douglas Street, Wilt Hollinger, Colwood Camp, was fined \$40 by Magistrate H. C. Hall in city police court today. He was in collision with a parked vehicle, the court was told.

VIOLATED SUSPENSION

Found guilty on a charge of driving a car while his license was under suspension, Robert A. Tyre, Tillicum Army Camp, was fined \$40 by Magistrate H. C. Hall in city police court today.

Thief Lures Taxi Driver Away, Robs Office Of Cash, Cheques

Steals Strongbox Containing \$519, Bolted To Desk

A thief early this morning lured the sole driver and attendant of a taxi-cab office away from the stand and robbed the office of \$519.81 in cash and three cheques.

A. Dunnett, night driver for the Black and White Taxi Co., 720 View Street, was alone when a telephone message was received at 2:30 asking for a cab to call at Cabin 5, Fern Auto Court, six miles from the city on the Island Highway at 4:30.

The cabman locked up the office at 4:10 to make the run. He found out the call was a ruse to lure him away from the office.

While cleaning up the office a short time after his return, Dunnett noticed something missing. The 10x18-inch metal box bolted underneath the desk had been ripped off and taken.

Len Wakeman, owner, was called and after a check told Detectives P. W. Richards and Alex Briggs the amount of money the safe contained.

The detectives said entry was gained either by using a key or prying back the lock with a piece of celluloid.

The party responsible apparently knew the system used at the office, the amount of cash on hand at the time and the fact that the next-door cafe was closed Sunday night.

Building Resumes As Construction Holiday Ends

Building activity was resumed today in Greater Victoria as construction workers returned to their jobs, following their annual holiday.

The holiday lasted one week. Preferring to have all employees off at one time, all members of the Victoria Building Industries Exchange and most members of the Victoria Contracting Association completely closed down all operations for that period.

Although the holiday shutdown has been established here as an annual practice it is not altogether popular with the workers who are given no voice in deciding when the holiday should be.

City Supported In Tax Opposition

The city's stand in opposing a provincial government proposal to have the municipalities' share of sales tax revenue used exclusively for education, received further endorsement today from two interior cities and an upland village.

City Clerk Frank Hunter received letters today from the City of Kelowna, the City of Kamloops and the Village of Qualicum Beach, all stating local governments in those localities agreed with Victoria that B.C. municipalities should be able to use sales tax revenue for whatever purpose they deemed most advisable.

A brief, outlining the city's case, was presented on Friday to Premier Byron Johnson by Mayor Percy George.

RAIN GETS MIXED RECEPTION ON FARMS, CITY DISAPPROVAL

While city folk had nothing good to say about the week-end rain, farmers watched the clouds break with mixed feelings. The rain was needed for most crops, but it damaged the fruit on cherry trees.

Cherry growers have been plagued by Mr. and Mrs. Redbreast Robin and family and the rain added to the beak-peck damage by splitting a large amount of the ripening fruit. Cane fruit farmers needed the wet weather, perhaps more than other growers. The provincial agriculture department reported last week "moderate weather with seasonable rains could result in an average loganberry crop, but if hot, dry weather continues the crop will undoubtedly be curtailed."

Essay Contest Winners Touring Navy Base Here

Five days of entertainment and touring of local naval facilities and points of interest got under way for winners of the Navy League of Canada's nationwide essay contest.

Sixteen-year-old Doreen Mulvey of St. Boniface, Man., arrived this afternoon with her mother, Harley Kelsey, 18, arrived from Revelstoke Sunday, and Peter Wheeler, 13, made the short trip into town from Saanichton.

Doreen was Manitoba senior winner, while Harley and Peter were senior and junior winners, respectively, for B.C.

Subject of the contest, held in conjunction with the R.C.N. was "Our Canadian Navy."

TO RECEIVE PRIZE

Peter Wheeler will receive his prize at a ceremony to be held Tuesday evening at 8 at the local Sea Cadet headquarters, R.C.S.C. Rainbow. On hand will be Navy League president for Vancouver Island, Forrest L. Shaw; the organization's secretary Col. T. Moore and Capt. F. G. Hart, R.C.N. (Ret.).

Rain Benefits Fire-Ravaged B.C. Forests

Fire-ravaged B.C. forests got the first break in many days during the weekend.

Rain fell generally throughout the province and the provincial Forest Service reported today "low to moderate" and "moderate to decreasing" hazards.

There were 45 fires burning, all under control.

Six were in the Vancouver forest district and included a new fire on holdings of B.C. Forest Products at Port Renfrew. The flames spread to 50 acres in slash. Some 50,000 feet of felled and bucked logs were burned.

There were two fires in the Prince Rupert area; 28 in Prince George; four in Kamloops area and five in Nelson.

A large fire at Punchow Lake, 45 miles southwest of Prince George gave a little trouble Sunday. It broke through a section of a fire guard and 35 fighters at the scene had to back-track to catch up with the flames.

Saved From Subterranean Prison

Tired, hungry and a little camera-shy, "Butch" nestles in arms of 11-year-old mistress, Valerie Rosenthal, 2359 Beach Drive. Butch wandered up sewer drain at foot of Dalhousie Street and was posted "missing" for three days. Valerie's father rescued him after children at playground heard his cries.

Dust Discourages Traffic On Island Highway Stretch

Because of dust hazard the provincial works department is not encouraging travel on the incomplete new stretch of the Island Highway between Duncan and Ladysmith.

Sections of the highway are surfaced and in excellent condition but there are pieces in between awaiting paving, it was stated.

"Motorists tend to speed up on the paved portions and when they hit the gravel stretches the dust is bad. We are afraid they'll be hitting each other in the dust zones," a government engineer stated.

SAANICH LIBERAL PICNIC

Saanich Liberal Association will hold its annual basket picnic at Black Swan, Elk Lake, Saturday next. There will be sports and games and ice cream and candies will be served.

SHOPPING GUIDE

Squeezable Bottles And Brushes That Bounce!

By PENNY SAVER

Bright and early this morning the pretty blonde secretary who works on the third floor of this building... we'll call her Mrs. McFlash just for the fun of it... came buzzing into this office with big news. Unfortunately I was out at the time but after reading the note she had left in my typewriter I thought I'd let you good women of the households, read it too.

"Dear Penny," says she, "if you are as clumsy as I, and could scream when you find you've whacked the top off a bottle as your arm sailed by it when you reached elsewhere and down it went, in a million pieces, spilling out its contents; or do you keep your bottle of hand lotion on the window sill, optimistic-like, and have Victoria's prevailing winds swoosh the curtain around 'til the 'hands you love to touch' lotion gets whacked away on the breeze to the cement below, pouring it self on to the flower beds, orrrrr, do you wave your hands around wildly in mid-air all sussed up during the course of a shampoo, only to knock over shampoo and find it gurgling down the drain? You do? That makes two of us. That is the reason I ask you to take a peek at one of those new plastic squeeze 'em out arrangements."

Armed with Mrs. McFlash's enthusiasm, I stopped in at a few stores and found the nerve-savers priced at 79 pennies. Feature of this type of bottle is that it can be refilled again and again. To use, merely tilt the bottle and squeeze. Once I had located the squeeze bottle I found that shampoo and spray deodorants are being displayed for as little as 59 cents in the same type of bottle. Some fun!

This new slick rubber complexion brush is a sure thing to add sparkle and roses to your cheeks. The all-rubber brush, which sports a plastic handle, sells for 29 cents. You can use the brush dry or scrub your face with cold cream and water.

England has sent us some of her famous transparent soap and although two bars for 45 cents it's a dream for hands and complexion.

Going on a picnic or beach party this week? Don't forget the hot dog rolls, 25 cents a dozen or hamburger buns, a dozen for the same price.

Sports Threesome

4539 3215 12-2
Anne Adams

Three good sports for your play life! Bra top, wrap-skirt with standaway pockets, and wonderful pleated shorts that are feminine and flattering! They're Sew-easy!

Pattern 4539 in sizes 12, 14, 16, 18, 20. Size 16 bra and skirt, 4 1/2 yards 35-inch; shorts, 1 1/2 yards.

This pattern, easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 25 cents in coins (stamps cannot be accepted) for this pattern. Print plainly size, name, address, style number.

Send order to Anne Adams, care of Victoria Daily Times, Pattern Dept., 60 Front St. W., Toronto 1-A, Ont.

You'll find many flattering fashions in our Anne Adams Summer Pattern Book! Send 25 cents more for this collection of smart styles that make sewing a pleasure. Vacation ideas for all, plus directions for making two bath or beach sarongs (for Mr. and Mrs.).

MISS PARSONS WED

Mainland Interest In Vows

Rev. S. J. Wickens heard the marriage vows of Marlene Edith, daughter of Mr. and Mrs. M. E. Parsons, 500 Obed Avenue, and James Ronald Douglas, son of James A. Douglas, Vancouver, in St. Martin-in-the-Fields Church.

For the afternoon ceremony, the bride, escorted by her father, donned a beige gabardine suit, the lapels and pockets edged in contrasting cocoa brown.

She wore white accessories and small straw hat, and her corsage bouquet was of red roses.

Sister of the bride, Miss Patricia Parsons, was attired in a grey gabardine suit, complemented with yellow rosebuds in corsage and pert white hat and accessories.

Archibald Davis was best man, and Robert Thomas, brother-in-law of the bride, ushered guests to their seats.

Willis Clark proposed a toast to the bride's future happiness at a reception at the home of her parents. Red roses and orange blossoms were arranged on either side of the three-tier wedding cake.

Following a wedding trip to Vancouver and Seattle, Mr. and Mrs. Douglas will return to make their home at 2820 Heath Drive.

MR. STANLEY M. LESLEY

MISS JUNE DICKINSON

To Marry In Christ Church Cathedral

Mr. and Mrs. J. H. Dickinson, 795 Newport Avenue, have announced the engagement of their younger daughter, Miss June Elaine, to Stanley McLellan Lesley, Toronto, son of Mr. and Mrs. Frank

Lesley, 806 Linden Avenue. The wedding will take place in Christ Church Cathedral on July 29 at 8. Miss Dickinson will be attended by Mrs. W. J. Beattie. (Photos by Goertz Studio)

Prudence Stephenson Wed In Century-Old Lace, Satin

Her mother's bridal veil of delicate embroidered net drifted in filmy clouds from a stand-up halo of century-old lace, over the gleaming ivory satin gown worn by Prudence Stephenson, principal in an early evening wedding Saturday in St. Barnabas' Church.

The daughter of Col. and Mrs. D. C. Stephenson, 3460 Mayfair Drive, exchanged nuptial vows with Jack Fullerton Rowe, son of Mrs. P. T. Rowe, Gordon Head Road, and the late Bishop Rowe, before Rev. E. Munn.

Blush pink roses mixed with tiny white blossoms were carried by the bride, given in marriage by her father. The classic beauty of her traditional satin gown was enriched with tiny pearls set in a wide band of the sheer yoke; sleeves were long and fitted over the wrists, and skirt fullness cascaded at the back into a slight train.

Turquoise taffeta with over skirt of figured organza created the attractive off-shoulder gown worn by the bride's younger sister, Ruth Stephenson, her only attendant. Her gloves were in matching tone and she wore a bandeau of pink carnations and blue blossoms.

Richard F. Stephenson, brother of the bride, was best man. Ushering were Rupert Walker, Ann Neales.

Summer blossoms decorated the home of the bride's parents, where a reception followed the rites. Pink roses and sweet peas decorated the table where the three-tier cake was placed.

Dr. R. E. Foester, Departure Bay, gave the bridal toast.

For a honeymoon on the mainland the bride selected a Glen plaid suit, white accessories, and corsage bouquet of pink carnations.

Mr. and Mrs. Rowe will live at Gordon Head.

6 Victorians To Attend Ex-Wren Meet

About six Victoria women are expected to travel to Toronto for the Women's Royal Canadian Naval Service to be held Aug. 25, 26 and 27.

The Wren Association of Toronto will act as hostesses and will welcome girls from all parts of the Dominion.

Ex-Wrens coming include Agnes Kindress, Cincinnati, Ohio; Kitty Kelly, Havana, Cuba; Helen MacDonald, Bermuda; Mrs. James Wyard, Yellowknife, N.W.T.; Mrs. Eileen Brookes, San Francisco, Calif. and Mrs. B. J. MacGregor, Battle Creek, Mich.

The Toronto association, one of 11 across Canada, formed after the war, has been preparing for the reunion for the past year. Reservations have been confirmed at University Women's residences.

Activities planned for the week-end include the Warrior's Day-Parade at Canadian National Exhibition; banquet in the Crystal Ballroom in King Edward Hotel, a ship's concert, a cruise on Lake Ontario in a H.M.C. ship and a tea for husbands and friends at H.M.C.S. York.

Jane Simons, 2564 Graham Street is publicity convener for Ex-W.R.C.N.S. Association of Victoria.

DOROTHY DIX

Dear Miss Dix: My mother gave me a very pretty diamond ring, which I wear with pride and pleasure. My aunts and cousins tell me the reason I have no boy friends is because of this ring and that I am spoiling my chances of marriage by wearing it. They say I frighten the boys off by it and that no young man would marry a girl who wore such an expensive piece of jewelry. He would think he could never support her. Are they right in their viewpoint?

EMMA MAY

Answer: I don't know whether a diamond ring could hoodoo a girl's chances of marriage, but I have known many a girl to lose out on getting a good husband by dressing too well.

In fact, nothing is more common than the pitiful tragedy that we see enacted over and over again in which a girl does the thing to attract a man that drives him farthest from her. She is pretty and she wants to make a hit with some young chap with whom she has fallen in love. She knows that fine feathers make fine birds, and that even a living picture is enhanced in attractiveness by a gorgeous fringe. So she goes in debt for the expensive clothes that will add to her beauty and that she feels sure will capture her man.

NEVER MISSED SUNDAY SCHOOL

PHILADELPHIA (AP)—For 3,900 straight Sundays through three-quarters of a century Jennie Powers went to Bible school at the West-side Presbyterian Church in Germantown.

This record of devotion, which friends believe is unsurpassed anywhere, won national recognition yesterday when the blunder, grey-haired spinster, now 78, received a gold medal from the Sunday school and congratulations from a host of well-wishers.

At a special service honoring Miss Powers, church officials read letters from President Truman, Pennsylvania's Governor James H. Duff, several members of Congress and dignitaries of the Presbyterian Church.

St. Andrew's Cathedral Fete Successful

A successful fete was held Saturday afternoon and evening in parish hall of St. Andrew's Cathedral.

His Excellency, Bishop J. M. Hill, in opening the affair, congratulated the Catholic Women's League under whose sponsorship the bazaar was held, and expressed appreciation to the other parish organizations for their efforts.

Mrs. A. J. Bergeron, president, received guests, while Mrs. C. Mulcahy ushered them to the tearoom, where Mrs. D. Kenny was in charge, assisted by Mesdames G. Therrien, S. Hunter, W. Martin and N. Ware. Home cooking table was convened by Mrs. A. Turner, assisted by Miss D. Turner and Miss M. MacDonald; tea towels and aprons, Mrs. A. Janzen, Mrs. B. Despins; white elephant table, Mrs. B. Ciceri, Mrs. P. Watson; religious articles, Miss R. George, Miss V. Tighe and Mrs. J. M. Hanley.

Mrs. J. Lagace, Mrs. D. MacDonald, Mrs. M. Morning and Miss P. Macdonnell had charge of contests, while members of Junior C.W.L. sold candy, and Mrs. F. MacDonald, flowers. The C.Y.O. sold refreshments and had charge of the evening entertainment, assisted by Girl Guides.

Mrs. J. M. Scott, Miss W. Driscoll and Mrs. J. Haley organized games.

St. David's Guild To Hold Garden Fete

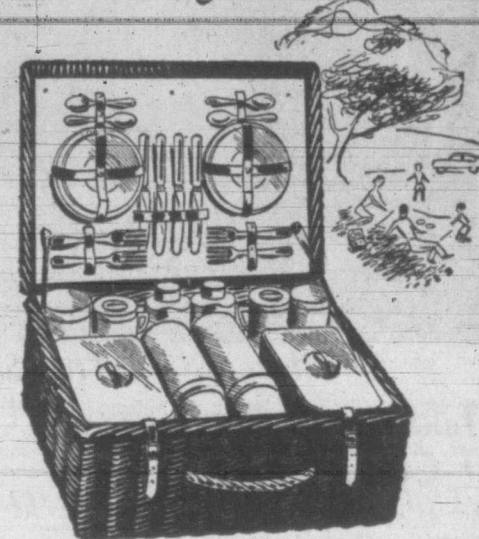

Her work as a missionary in Chinese villages will be outlined by Miss Mary Barner of Cobble Hill at a garden party to be held

at "The Pools" home of Mr. and Mrs. Frank Pottage, 5050 Cordova Bay Road, Tuesday at 2.30, under auspices of St. David's Women's Guild.

There will be a miscellaneous sale, games provided and tea served.

MR. AND MRS. RAYMOND JOHN CASSON
—Photo by William G. Grant.

Childhood Friends Wed At Candle-Lit Ceremony

Now on a honeymoon which will take them to Banff, prairie points and the United States are Mr. and Mrs. Raymond John Casson, the former Sheila Patricia Sullivan, whose marriage took place July 1 in St. John's Anglican Church, Vancouver.

Rev. N. D. B. Larmonth performed the candle-lit ceremony for the elder son of Mr. and Mrs. J. E. Casson, 2779 Seaview Road, Victoria, and the daughter of Mr. and Mrs. H. T. Sullivan.

The marriage culminated a friendship of childhood. John Sinclair gave the bride in marriage.

An ivory brocaded taffeta gown front-buttoned to a small Peter Pan collar and falling away in train complemented the bride's golden blonde hair. A full-length French illusion veil misted over the dress from an orange

blossom coronet. Her all-white shower bouquet held gardenias and stephanotis.

Mrs. Stanley Ross, the bride's cousin, was matron of honor and Mrs. Helen Hilton brides-matrons, in identical gowns of pink Swiss eyelet-embroidered organza with matching starched crownless hats. They carried colonial bouquets.

Frederick Field supported the groom while ushering were James Rae, Kenneth Ackroyd, Webster Hetherington of Portland, Colin Fitzgerald, T. M. Taylor and William Hodgson.

A reception followed at Stanley Park Pavilion where John Sinclair proposed the toast. For her wedding trip the bride donned a gabardine suit of dusky pink with wide navy leghorn hat and navy accessories.

On their return the young couple will make their home in Vancouver.

Women

Victoria Daily Times MONDAY, JULY 10, 1939

Business And Professional Women In Halifax

National officers of the Canadian Federation of Business and Professional Women's Clubs started board meetings in Halifax July 7 for the opening of their 12th biennial convention. Shown here are some of the officers. They are, left to right, seated: Miss Minnie Beveridge,

British Columbia president, Victoria; Miss Hilda Hesson, past national president, Winnipeg; standing: Mrs. Allie Ahern, first national vice-president, Halifax; Miss Jessie MacKnight, Halifax; Mrs. G. R. D. Laycock, Winnipeg; Miss Gladys Moffatt, Ottawa, all members of national board.

OF PERSONAL INTEREST

City, Vancouver Interest In Forthcoming Nuptials

A wedding of interest in Vancouver and in Victoria is forecast. In the engagement announced at Ahalie Bel Macfarlane Fraser, only daughter of Mrs. L. V. Fraser of Victoria and the late Mr. C. E. Fraser, to Alan Jean Solloway, eldest son of Mr. and Mrs. L. W. C. Solloway of Vancouver, formerly of Westmount, Quebec.

Rev. T. H. McAllister will officiate at the rites on July 15 at 3.30 p.m. in Gorge Presbyterian Church.

The bride-elect has chosen her cousin, Miss Mary Louise Macfarlane as her attendant, while Mr. Reginald Roy will be groomsmen.

The quiet family ceremony will be followed by a reception at the home of the bride-elect's aunt, Mrs. James Moreton, "Crewood" at Gordon Head.

Treasure Hunt At Shower

Honoring Miss Marjorie Brailsford, bride-elect of this week, a miscellaneous shower was held at the home of Mrs. W. McK. Smith, 3211 Quadra Street. On her arrival the guest of honor was presented with a corsage bouquet of kitchen gadgets and handed a special delivery letter. It started her off on a novel treasure hunt, leading to a decorated box which contained the gifts. A corsage bouquet of roses was presented the bride-elect and her mother, Mrs. J. Brailsford. Invited were Mesdames P. Pready, C. Prior, K. Cummings, S. Arden, L. Bissett, A. Edmonds, A. Speirs, H. J. Cromie, A. Hardwick, A. Lockwood, and the Misses Marlene Framp-ton, Marjorie, Thelma and Claire Brailsford, Yvonne Pready, Queenie Prior and Fay Browne.

Mrs. E. S. Hoffner has come from Winnipeg and is now making her home at "The Grange," 800 St. Charles Street.

Visiting his parents, Mr. and Mrs. E. A. Scott, Island Highway at Langford this week, is Mr. Eric Scott of Edmonton.

Mr. James A. Douglas and Mrs. D. Douglas, father and aunt of the groom, came from Vancouver to attend the Douglas-Parsons wedding in St. Martin's-in-the-Fields Church.

Mrs. R. O. Bradshaw and her daughter, Miss Dallas Bradshaw, Penitence, are visiting Mrs. Bradshaw's parents, Mr. and Mrs. Alex Peden, 2656 Cavendish Avenue. They will spend the next two months in the city.

Miss Elaine Hughes, who has been on the staff of Sicomus School, is spending the summer vacation at the home of her parents, Mr. and Mrs. Hamilton C. Hughes, Leigh Road, Langford Lake.

CRITICIZES ROYAL DRESS

LONDON (AP)—The Sunday Pictorial, a mass-circulation weekly newspaper, Saturday took a sharp rap at Queen Elizabeth's most recent outfit.

The paper says the ensemble which the Queen wore at the wedding of her godson, David Somerset, and Lady Caroline Thyne July 5 was "particularly unfortunate because the Queen has proved on so many occasions how serenely lovely she can look."

The outfit it criticized is a black-edged-flowered dress with matching cape, wide-brimmed black hat, long black gloves and open-toed shoes. After going into a huddle with fashion experts, the Pictorial lists these specific objections:

"This pattern of dress would be better on furnishing fabric. The skimpy cape is both broadening and shortening. The dark edging makes the dress look like a dressing gown with the sash undone. The gloves are too heavy looking and add unnecessary bulk to the figure. Peek-a-boos have been inelegant for two years. All in all a misguided effort that will not enhance our growing reputation as a fashion-conscious nation."

Mrs. Hodges Stresses Power Of Vote Over Resolution At Women's Parley

HALIFAX (CP)—Mrs. Nancy Hodges of Victoria, Speaker of the British Columbia Legislature, told 395 delegates attending the biennial convention of the Canadian Federation of Business and Professional Women's Clubs here Saturday to stop passing resolutions and translate them into action.

"You've got to stop passing resolutions and thinking they are the be-all and end-all of all things," said the only woman Legislature Speaker in the British Empire. "Get right down and fight with the strongest and most potent weapon you have—and that is the vote."

Mrs. Hodges was honored with the Federation's "Woman-of-the-Year" award as the outstanding Canadian woman. The award was presented by Ruth McGill of Regina, federation national president.

"Women must learn to get above petty personalities," Mrs. Hodges said, "and to learn that the cause transcends personalities. In our women's organizations let us not dissipate our energies; let us concentrate on one thing."

It was "perfectly shocking," she said, that Canadian women had made little progress in public life.

"We should have at least 10 per cent representation in parliament," she said.

Mrs. Hodges said she had at first refused the position of Legislature Speaker, but later accepted it "because it was an opportunity for a woman to make a little headway politically."

Speaking of her political career and her defeat at the polls in 1937, she said, "I think it is a good thing for a woman to be beaten occasionally."

FAVORS EQUAL PAY

On the question on equal pay for women in industry, she said it was a "wicked fallacy" that they should not receive the same return for their work as men did.

She spoke of attending the first United Nations convention in San Francisco. "If there had been more women there, they might have worried a little less about the extra-territorial rights and a little more about human rights."

Mrs. Hodges described government as being like house-keeping

on a large scale, and added, "it needs the woman as well as the man."

Miss McGill, in her presidential address, stressed the need for permanent national offices for the Federation. A national office

would, she said, enable the organization to put their "house in order."

She also advocated appointment of a full-time executive officer.

"I believe many problems faced today can be solved if business and professional women participate fully in the life of Canada," said Miss McGill. "By club, provincial, national and international programs and projects, we are training our members for public service. Business and professional women will take their place in the councils of the nations."

ASK WORK DATA

Every Third Worker, Girl In Britain

LONDON (CP)—One of every three paid workers in Britain is a woman.

The same goes for factory workers. In the case of agricultural workers, the woman-to-man ratio is 7 to 1. Nine of every 10 single, and one of every five married women do paid work.

Of these, nine out of 20 are unskilled workers, four are skilled, two or three do routine clerical work and four fill higher clerical, technical or professional positions.

These and other facts are contained in a first report on women prepared by the Economic Information Unit of the Treasury.

Mrs. L. S. Horton of the Economic Information Unit told the Canadian Press the report had been issued in response to an increasing demand by women's organizations throughout the country for facts and figures on export, productivity, employment, building and all economic factors with direct bearing on home life.

Begonia Tea Realizes \$100

The sum of \$100 was realized at a Begonia tea held by St. Marks W.A. and Guild at Swan Lake Conservatory, Leslie Drive.

In charge of stalls were: Mrs. J. H. Fielder and Mrs. F. Simpson, home cooking; Mrs. J. Barrett and Mrs. E. Ball, miscellaneous; Mrs. W. C. Heathfield, strawberry sundaes and ice cream; Mrs. H. T. Shemilt, convenor of the tea assisted by Mrs. P. Smith, Miss M. Rowland and Mrs. T. Travers. Miss E. Stephenson was the lady with the thousand pockets.

Princess Alexandra Lodge No. 18, Daughters of England, meeting Wednesday at 7.30 in Orange Hall.

No Breakfast Table Chatter For Swedish Couple, Top U.N. Team

LAKE SUCCESS (CP) — The United Nations has a husband-and-wife team that is different.

Instead of sitting at the breakfast table together every morning, the Swedish couple, Gunnar and Alva Myrdal, usually have breakfast on opposite sides of the Atlantic.

As executive secretary of the Economic Commission for Europe, Gunnar Myrdal operates from Geneva as the U.N.'s top economic expert in Europe. Mrs. Myrdal is senior director in the department of social affairs at Lake Success. She is the highest-ranking woman in the U.N. secretariat.

During the last two years, they have seen each other two or three times a year when official business brought him to the United States or sent her to Geneva. One of these visits comes this summer when Mrs. Myrdal goes to Geneva for a meeting of the Economic and Social Council.

At present, their 22-year-old son, Jan, and their youngest daughter, Kai, 15, are in Geneva with their father. The other daughter, Sisella, 15, is staying with Mrs. Myrdal at her home in Great Neck, N.Y.

Myrdal now is 52 and Mrs. Myrdal is 48. They first met as students in the University of

Stockholm and have been married 26 years. Both have had active careers which often called for travel abroad.

When he joined the U.N. in 1947, Myrdal was Swedish minister of commerce and trade. Previously he had served as chairman of the postwar economic planning commission for Sweden. He also had been a professor at the University of Stockholm and at the postgraduate Institute of International Studies in Geneva.

Mrs. Myrdal already was known internationally as a sociologist when she joined the U.N. in 1948.

MURDER LIQUIDATED

by Julius Long

I wasn't telling the answers yet and Keever paced the floor almost a solid hour while Sheriff Nelson's deputies rounded up the missing members of the cast.

Keever still thought I was bluffing, but he hoped, for his own sake, not mine, that I'd have an out. If I went over for bribery, and murder, the Patterson machine would make such political capital of it that Keever would have to postpone his try for governor.

Colonel Winton was the first to appear. He was filled with resentment at what he called virtual arrest, but he was also filled with a combination of fear and curiosity that made him almost eager. It was probably curiosity that made Sammy Berend submit to an escort of sheriff's deputies. He walked in with a gleam in his eye.

NOT AT HOME
"We asked him about this Hillyer dame," said one of the escorting deputies. "He gave us her home address, but she wasn't there."

I felt let down. Keever was eyeing me severely. I couldn't stall any longer. So I said: "Well, I hate to go on with my alibi witness missing, but here it is. Right from the beginning. Too bad Kay isn't here to take it down, Boss."

Waring stirred uneasily. "I'm sure I don't know what's detaining my secretary. She told me she would get a cab and come right out."

"She can take Ben's statement later," said Keever. "Go ahead, Ben, and if had better be good!" I told my story from beginning to end, ending that is, when the highway patrol officers had nailed me. When I had finished, Keever said coldly:

"You claim only one alibi witness, Wendy Hillyer, who's missing. Only she—you say—saw you enter your apartment house. No body saw you leave it. No bus driver or passenger will remember you, even with your cut temple, that McGregor must have given you before he died! As for your car being in a parking lot, you wouldn't have used your own car anyway—you'd have used an other."

"Pardon my interruption," said Sammy Berend with a vicious glint in his eyes, "but I was with Miss Hillyer all afternoon from the time I left Colonel Winton's office until 5 when I took her to her hotel!"

It was possible that this ambulance chaser had lingered long enough in Winton's office to give her time to drive back, but it was more probable that he was getting even for that testimony I had given against him at the time of his disbarment proceedings.

TIME FACTOR
Keever commented: "Whether the Hillyer girl was with you or not means nothing. You've no alibi from the time you say she knocked you out. You might have recovered consciousness a minute later!"

"But I didn't! And, as for this cut on my temple, you should know that McGregor couldn't have put it there. The absence of powder marks on his face indicates that his murderer fired from a distance."

"Speaking of the murderer, I thought you were going to name him. Unless you meant to name yourself, I don't follow you."

"I'm not through yet, boss. I was in hopes the Hillyer girl would be found by this time. I wanted to hear her story so—"

There was a commotion outside. Then Wendy Hillyer appeared, escorted by a sheriff's deputy.

"She came here of her own accord, chief," said the deputy. "She wants to see Miss McGregor."

Wendy Hillyer walked straight to Sylvia McGregor. If she saw me she gave no sign of it.

"I'm so sorry!" she told Sylvia McGregor. The two girls went through a hugging act. I noticed that the color was rising in Sammy Berend's face. Then Wendy Hillyer said:

"But I've some good news for you! I've just left Sammy Berend's office. Here's all the proof you need!"

She opened that big handbag that I had once dumped and took out a sheaf of papers.

"This will prove that Berend conspired to ruin your father's company, then bribed Colonel Winton to allow all those ridiculous claims in full!"

What's this? Keever demanded. "What've you got there?"

Wendy Hillyer eyed Keever suspiciously. Sylvia McGregor nodded, and she handed over the documents.

"See for yourself!"

USED KEYS
Anyone could see without examining the documents. Colonel Winton looked as if he was about to have a stroke. Sammy Berend was a greenish yellow.

"I went to school with Sylvia," said Wendy Hillyer. "When her father got into a jam, she asked me to come to Capital City and win the confidence of Sammy Berend. It seems that Mr. Berend is even more fond of redheads than he is of blondes. I was making progress, but it was slow and painful work, so after the radio announced Mr. McGregor's death I decided to take drastic action. I got some keys from Sammy and tonight I went through his office. You've got the result."

Keever was listening but hastily scanning the documents. He whistled and turned to Sammy Berend.

"Well, this takes care of you for life, Sammy! The bar association grievance committee will show you no quarter this time!" He turned to Colonel Winton. "As for you, a fine crook you turned out to be!"

Colonel Winton started to stutter, but Sammy Berend snapped him off with:

"Keep your mouth shut, you boob! Don't talk till you've seen a lawyer!"

37 Girls At C.G.I.T. Camp

Thirty-seven senior girls from 14 to 17 are enjoying a 10-day Canadian Girls in Training Camp at Shawnigan Lake, under auspices of the United Church Christian Education Committee.

Seven of the girls are from Duncan, four from Alberni, four from Lake Cowichan, two from Chemainus and the remainder from United Churches in Victoria. Camp director is Miss June Coleby of Cloverdale.

Other leaders include: Miss Betty McLeod of Vancouver, swimming instructor; Miss Blanche Gerhard, R.N., Women's Missionary Society worker from Ahousat Village on west coast Vancouver Island; Miss Mildred Blakely of U.S.A., Methodist Episcopal Mission, past principal of a training school for girls in the Philippines. She will conduct bible study, world friendship and missionary education classes.

Miss Lois McIntosh of Fairfield United and Miss Marion Burnell of Oak Bay United will conduct bible study and camp craft classes. Mrs. M. Cecil Milley of Victoria West United Church is acting as camp mother. The kitchen is under direction of Mrs. Rolf Hellenius of Fairfield.

Variety Of Stalls For Garden Party

Mrs. D. McTavish will open the garden party Wednesday at 2.30 at the home of Mrs. J. W. Pilgrim, 121 Island Highway. Sponsored by Craigflower Women's Institute, the affair will feature stalls of home cooking, fancy work, white elephant, ice cream and candy. There will be pony rides for children.

Picnic Plans—Esquimalt Community Club met in the hall, Sturdee Street, with Mrs. A. Clough, first vice-president, in the chair. Plans for annual picnic were arranged and Mrs. F. Allen named convener. The affair will be held at Willows Park later this month. Mrs. R. McVie will convene a garden party in grounds of Olde England Inn on July 19. There will be no meetings in August.

Edna Kerr Wears Picture Gown For Saturday Wedding

A picture gown of oyster slipper satin was worn by Edna Mary Kerr, daughter of Mrs. Violet S. Kerr of 705 Cook Street, for her marriage Saturday night to Robert Lomas, son of Mr. and Mrs. George Lomas, 1423 Haultain.

Standard baskets of summer flowers and pew markers of Colonial bouquets created the setting in Centennial United Church where Rev. W. R. Ashford performed the ceremony.

Percy Rayner gave his niece in marriage. Her princess style bodice introduced lace yoke and Peter Pan collar cascaded in bouffant skirt fashion to the floor with inserts of lace in the satin. Long point sleeves buttoned from the back and a coronet of swainsons held the filmy fingertip veil of French net embroidered in satin. The bride carried a bouquet of pink roses, white heather and swainsons and for her only jewelry wore a three-strand pearl necklace.

Miss Maude Wallace, only attendant was frocked in a blue taffeta with bustle back, dolman sleeves and short jacket. She carried a spray bouquet of yellow carnations and forget-me-nots, which were repeated in the headress.

Roy Kerr was his brother's best man, while ushering were Robert Armstrong of Armstrong, B.C., and Arnie Masters, Arthur Stringer sang "Because."

Mr. Ashford proposed the toast at a reception in Windermere Hotel where the bride's table was

Earn \$40—Ex-Servicemen's Branch, No. 182, Canadian Legion, B.E.S.L., realized \$44 from a tea in Douglas Room, Hudson's Bay Co. Mrs. R. Rowe was convener. At an apron shower at the home of Mrs. P. Newman, members enjoyed a social and games were played.

centred by a three-tier cake topped with miniature bride and groom.

For a wedding trip to Olympia Peninsula and Seattle, the bride donned a three-piece ensemble in midnight blue striped English serge with navy accessories. The newlyweds will make their home in Victoria on their return.

OF PERSONAL INTEREST

Holidaying in Chilliwack are Miss Pat Glover and Miss Thureley Duck. They are guests of Rev. and Mrs. Glover. En route they visited Mr. and Mrs. T. Ian Gibson in Vancouver.

Complimenting Saturday bride-elect Miss Elaine Barry, a surprise miscellaneous shower was held at the home of her parents, Mr. and Mrs. M. H. Barry, 3109 Glasgow Avenue, by Mrs. D. Elliott and her daughter, Mrs. D. Turkington. A corsage bouquet of gladioli centred with a rose was given the honor guest. Her mother, and Mrs. M. Clark, mother of the groom-elect, had carnation corsage bouquets.

Lemon yellow roses in a crystal bowl flanked by palest blue candles in crystal holders centred the lace-cloth-covered table. Gifts in a pink and blue basket were presented by Barbara and Beverley Turkington. Other guests were Mesdames B. Plouffe, C. F. Banfield, H. Shandley, L. Shandley, L. McKay, B. Marshall, E. Johnson, M. Tate, C. Yeaman, P. Metcalfe, M. Southern, A. Barry, E. McDonald, J. Humphries, G. Butler, J. Patterson, V. Carter, A. Carter, A. McKay, and Misses M. M. Harper, G. McKay, C. Graham, V. Williamson, L. Arnot, J. Johnson, V. Banks.

Well-Known Estate

To Be Sold

By Auction

Executors of the estate of the late Mrs. Minnie Wade, well-known collector of fine works of art and jewellery, have in-

structed Maynard & Sons to dispose of, by public auction, her fine collection of jewellery and furnishings. Mrs. Wade left an estate of approximately \$250,000 when she passed away last year.

Apparently a good many different kinds of viruses can produce encephalitis and these have been given peculiar names, such as Japanese B, St. Louis, western equine, and Russian spring-summer encephalitis.

There is also an eastern equine variety. Only the St. Louis virus and the two equine viruses seem to have much, if any, importance in North America.

Both equine types cause a disease of horses and have killed a great many of these animals. They are present in horses in most of the central and western parts of the United States and the western equine type is found also extensively in western Canada.

Most epidemics of encephalitis from the western equine virus have been worst in infants, especially those under six months old, and in elderly people 60 years old and up.

Strangely enough in the original St. Louis epidemic in 1933 it was from this epidemic that the St. Louis virus got its name, a small proportion of children and infants were involved. Since that time it has been found especially frequently in adult male agricultural workers.

During infancy sudden fever and refusal to eat commonly come at the beginning. These are soon followed by vomiting, muscular twitches, some muscular stiffness and especially a stiff neck. The temperature goes up rather rapidly to 103 to 105 in most cases.

With appropriate treatment death from the western equine or St. Louis types of encephalitis seems to be rather rare, at least in infants. There is no one medicine or serum which always works, although convalescent serum and one of the sulfa drugs have been used. The treatment of the symptoms seems to be helpful.

Much work remains to be done on the various kinds of encephalitis. More information is needed on how they are spread, what causes an outbreak to develop, what people are immune, or resistant, and what are the best methods of prevention and treatment. These are all complicated problems and an early solution is not to be expected.

U.B.C. Cadets At R.C.A.F. School

A number of students from the University of British Columbia are among the 250 R.C.A.F. reserve flight cadets attending special training courses at London, Ontario. The school will be in operation until the end of September.

Members of the R.C.A.F.'s university reserve flights, the cadets will be given a series of courses designed to train students interested in R.C.A.F. technical and administrative trades.

Complete training course is three years. When a student graduates from university, he can join the regular or reserve air force as a fully qualified administrative or technical officer.

Man Charged With Statutory Offence

At a special sitting of Saanich police court today, Patrick Roy Mullen, 1121 Fort Street, was charged with a statutory offence against a 15-year-old girl.

He was remanded to the regular session of the court on Thursday afternoon. Mullen was arrested Saturday by Sgt. Eric Elwell and Constable Joseph Armstrong.

INSURANCE CASES

In city police court today two cases were called for failing to pay hospital insurance premiums on the due date. William Shepard, 940 Balmoral Road, got a suspended sentence. Margaret L. Groves, 2210 12a Street, prepaid \$5 fine.

Notice to Creditors

LOUISE MARIE ALINE THIERBAULT DE LA CROIX, otherwise known as Aline Thierbault, deceased, formerly of 448 Bernard Avenue, Victoria, B.C.

NOTICE IS HEREBY given that creditors and others having claims against the estate of the above deceased are hereby required to send them to the undersigned Executor at 208, 1409 Douglas Street, Victoria, B.C., before the 1st day of August, 1950, after which date the Executor will distribute the said estate among the parties entitled thereto having regard only to the claims of which she then has notice.

Lecturers At Summer School

Teachers at the Summer School of Education at Victoria High have leading university lecturers as instructors. Lecturers here include (left to right) Dr. O. R. Chambers, Oregon State College; Miss Barbara Kohler, Central Washington College; Dr. Clifford Froehlich, United States Office of Education specialist, and Dr. John W. Giles, University of Alberta.

U.S. Deficit Budgeting May Have Trade Effects

By FORBES RUDE
Canadian Press Business Editor

The richest country in the world operates at a loss so far as its federal government is concerned, and this is one thing which causes concern in the current generally cheerful economic picture.

In the fiscal year ended June 30 the United States government spent \$3,100,000,000 more than it took in. The only "bright" spot about this deficit is that it was \$2,300,000,000 less than had been forecast.

The United States can carry a deficit like this for a while, but long-range observers wonder where it will end.

Some see it as leading one day to a weakening of the world position of the American dollar and the possibility of a run from it to, say, the pound sterling.

Whatever the government's ledgers say, the United States still is and is likely to remain for a long time the world's most powerful producer of goods and so long as this is so her money is likely to remain attractive.

Probably she now is carrying too much of the financial burden of the western world, and as other countries improve their position there may be some ease-off for the big republic.

Nevertheless, her deficit financing is a matter for long-range concern and is not the best position from which to enter a war if one should come because war-time costs would add to the deficits.

It would seem inevitable that the American economy would emerge from a war considerably changed from what it now is—quite possibly an Americanized version of a socialist state.

Quartz is the most abundant mineral in the crust of the earth.

Leaders Of 160,000,000 Church People Meeting

World Council Assembles In Toronto With Many Subjects Listed For Debate

TORONTO (CP)—Leaders of 160,000,000 Christians in 44 countries today began a six-day study of world-wide religious problems.

In a grey-stone Gothic building on the University of Toronto campus, the central committee of the World Council of Churches—representing every major Christian denomination but the Roman Catholic Church—will study problems ranging from religious liberty and racial discrimination to Christian judgments on present political and social systems.

The 90-member committee meets annually to act for the assembly of the council, founded at Amsterdam two years ago.

The committee's meeting was opened Sunday with special ecumenical service at the Timothy Eaton Memorial Church when Rev. Franklin C. Fry, president of the United Lutheran Church in America, said Christians must take a new "searching, hungering, yearning look at God."

In other churches throughout the city, clergymen attending the meeting preached special sermons. At Grace Church on the hill, Pastor Martin Niemöller, imprisoned during the Second World War for his opposition to Hitler and "who recently attracted wide attention for a statement urging German unity, told an overflow congregation that the real purpose of totalitarianism was to "enthronement" man maybe superman—instead of God."

In a report to the committee, the council's general secretary, Dr. W. A. Visser 'T' Hooft of Geneva, urged prayers for men and women who have become "the victims of the totalitarian attempt to silence the voice of the church."

IN PRISON

He referred specifically to church leaders imprisoned in Hungary and Bulgaria and to church leaders in other eastern

European countries and China who "remain loyal to the Christian cause and fight against atheism in its various forms."

The committee will meet Saturday under the chairmanship of Rt. Rev. K. A. Bell, Anglican Bishop of Chichester, England.

In a radio address, Bishop Bell said the welfare state of the 20th century was a social revolution to offset some of the evils of the 19th century. "But unless the spiritual revolution also comes, it will bring a menace of another kind to man's spiritual life."

The State of Connecticut is sometimes known as the Land of Steady Habits.
